PROXY STATEMENT FOR 2019 ANNUAL MEETING OF SHAREHOLDERS

INFORMATION CONCERNING PROXY SOLICITATION, VOTING AND THE MEETING

General

The enclosed proxy is solicited on behalf of the board of directors of Omeros Corporation for use at the 2019 Annual Meeting of Shareholders, or the 2019 Annual Meeting, of Omeros Corporation to be held on Friday, June 7, 2019, at 10:00 a.m. local time, or any adjournment or postponement thereof, for the purposes set forth herein and in the accompanying Notice of Annual Meeting of Shareholders. The 2019 Annual Meeting will be held at the World Trade Center Seattle, 2200 Alaskan Way, Suite 410, Seattle, Washington 98121.

This proxy statement, the enclosed proxy and the 2018 Annual Report to Shareholders, which includes audited financial statements as of and for the year ended December 31, 2018, will be mailed on or about April 29, 2019 to all shareholders entitled to vote at the 2019 Annual Meeting.

Record Date and Quorum

Shareholders of record at the close of business on April 12, 2019, which we refer to as the record date, are entitled to notice of and to vote their shares at the 2019 Annual Meeting. As of the record date, 49,037,987 shares of Omeros' common stock, \$0.01 par value per share, were issued and outstanding. Holders of shares of common stock are entitled to cast one vote per share on all matters to be voted upon at the 2019 Annual Meeting. The presence in person or by proxy of the holders of record of a majority of the outstanding shares of common stock entitled to vote is required to constitute a quorum for the transaction of business at the 2019 Annual Meeting.

Abstentions and broker non-votes (which occur when a broker lacks discretionary authority to vote uninstructed shares on a matter) are considered shares present at the 2019 Annual Meeting for the purpose of determining the existence of a quorum. The inspector of elections, Computershare Inc., will report the number of shares represented in person or by proxy at the meeting for purposes of determining whether or not a quorum is present at the 2019 Annual Meeting.

Proposals at the 2019 Annual Meeting

Shareholders are being asked to vote on the following proposals:

- *Proposal 1.* Election to the board of directors of the three Class I director nominees named in this proxy statement, each to serve until the 2022 Annual Meeting of Shareholders, and the one Class III director nominee named in this proxy statement, to serve until the 2021 Annual Meeting of Shareholders;
- *Proposal 2.* Approval of the amendment and restatement of the Omeros Corporation 2017 Omnibus Incentive Compensation Plan, or the 2017 Plan;
- *Proposal 3.* Ratification of the appointment of Ernst & Young LLP, or Ernst & Young, as our independent registered public accounting firm for the fiscal year ending December 31, 2019; and
- Any other business that may properly come before the 2019 Annual Meeting or any adjournment or postponement thereof.

Our board of directors recommends you vote:

- **FOR** the election of each of the director nominees named in this proxy statement;
- **FOR** the approval of the amendment and restatement of the 2017 Plan;
- **FOR** the ratification of the appointment of Ernst & Young as our independent registered public accounting firm for the fiscal year ending December 31, 2019.

Votes Required

Proposal 1: Election of Directors

The three candidates for Class I director who receive the highest number of affirmative votes and the one candidate for Class III director who receives the highest number of affirmative votes will be elected. Shareholders are not entitled to cumulate votes for the election of directors.

Proposal 2: Amendment and restatement of the Omeros Corporation 2017 Omnibus Incentive Compensation Plan

The proposed amendment and restatement of the 2017 Plan will be approved if the number of votes cast in favor of this proposal exceeds the number of votes cast against this proposal.

Proposal 3: Ratification of the Appointment of Independent Registered Public Accounting Firm

The appointment of Ernst & Young as our independent registered public accounting firm will be ratified if the number of votes cast in favor of this proposal exceeds the number of votes cast against this proposal.

Abstentions and Broker Non-Votes

Abstentions will not be counted as votes cast for or against any of the proposals. Accordingly, abstentions will not affect the determination of the directors who have received the highest number of affirmative votes or whether the votes cast in favor of Proposals 2 and 3 exceed those cast against those proposals.

Brokers and other intermediaries who hold shares for the accounts of their clients may vote such shares either as directed by their clients or, in the case of “uninstructed shares,” in their own discretion if permitted by the applicable stock exchange regulations. Uninstructed shares for which brokers or other intermediaries lack voting discretion are referred to as “broker non-votes.” If your shares are held by a broker on your behalf and you do not instruct the broker as to how to vote your shares on Proposal 1 regarding the election of directors, or on Proposal 2, regarding the proposed amendment and restatement of the 2017 Plan, the broker may not exercise discretion to vote on the applicable proposal. Broker non-votes will not be counted as votes cast with respect to these proposals. Brokers may exercise discretion to vote for or against Proposal 3, the ratification of the appointment of our independent registered public accounting firm in the absence of your instruction. Brokers will have similar discretion to vote on any other routine proposals that are brought before the 2019 Annual Meeting.

How to Vote

If your shares are registered directly in your name with our transfer agent, Computershare Inc., you are considered the registered shareholder of those shares. Registered shareholders may cast their vote by:

- (1) signing, dating and promptly mailing the proxy card in the enclosed postage-paid envelope;
- (2) calling 1-800-652-VOTE (8683) using a touch-tone telephone;
- (3) accessing the website www.envisionreports.com/OMER; or
- (4) completing a ballot at the 2019 Annual Meeting.

If your shares are held in the name of a brokerage firm, bank or other holder of record, you are considered the beneficial shareholder with respect to those shares. If you are a beneficial shareholder, please refer to the voting instructions forwarded by your broker, bank or other holder of record to see what options are available to you to cast your vote. A beneficial shareholder may not vote shares in person at the 2019 Annual Meeting unless he or she obtains a “legal proxy” from the broker, bank or other holder of record with respect to his or her shares.

If you plan to attend the 2019 Annual Meeting, we encourage you to vote in advance of the meeting to ensure that your shares are represented at the meeting. Votes cast by proxy or in person at the 2019 Annual Meeting will be tabulated by a representative of Computershare Inc., the inspector of elections appointed for the meeting.

Revoking a Proxy

A registered shareholder can revoke his or her proxy before the time of voting at the 2019 Annual Meeting by any of the following:

- (1) mailing a revised proxy card dated later than the prior proxy card;
- (2) submitting a new vote by telephone;
- (3) submitting a new vote via the Internet;
- (4) voting in person at the 2019 Annual Meeting; or
- (5) notifying our corporate secretary in writing that the proxy is revoked. The revocation must be received before the start of the 2019 Annual Meeting to be effective.

Any beneficial shareholder may change or revoke his or her voting instructions by contacting the broker, bank or other holder of record or by obtaining a proxy from such institution and voting in person at the 2019 Annual Meeting.

Attending the 2019 Annual Meeting

Only shareholders as of the close of business on April 12, 2019 (the record date), or holders of a valid proxy for the meeting, are entitled to attend the 2019 Annual Meeting. In order to gain admittance to the meeting, you may be asked to present photo identification, such as a driver's license or passport, and proof of stock ownership as of the record date, such as a brokerage statement or letter from a bank or broker indicating beneficial ownership on the record date. We will not admit anyone to the meeting who does not present acceptable identification or ownership information upon request or refuses to comply with our admittance and security procedures. The use of cameras, recording devices and other electronic devices is prohibited at the 2019 Annual Meeting.

How to Obtain Directions to Attend the 2019 Annual Meeting

The 2019 Annual Meeting will be held on Friday, June 7, 2019, at 10:00 a.m. local time, at the World Trade Center Seattle, 2200 Alaskan Way, Suite 410, Seattle, Washington 98121. If you need directions to the meeting, please call Omeros' investor relations department at (206) 676-5000.

Proxy Solicitation

This proxy statement is furnished in connection with the solicitation of your vote by the board of directors. We pay the costs of soliciting proxies from our shareholders. We may reimburse brokerage firms and other persons representing beneficial shareholders for their expenses in forwarding the voting materials to the beneficial shareholders. Directors, officers and regular employees may solicit proxies on our behalf personally, by telephone or by other electronic means without additional compensation. We also have retained Georgeson LLC for a fee of \$10,000, plus customary costs and expenses, to assist us in the solicitation of proxies.

"Householding" of Proxy Materials

A copy of our 2018 Annual Report to Shareholders, including our 2018 Annual Report on Form 10-K, accompanies this proxy statement. If you are a beneficial shareholder, the bank, broker or other holder of record may deliver a single proxy statement and 2018 Annual Report to Shareholders, along with individual proxy cards or voting instruction forms, to any household at which two or more beneficial shareholders reside unless you have provided instructions to the contrary. This procedure, referred to as householding, reduces the volume of duplicate materials shareholders receive and reduces mailing expenses. If you would like to revoke your consent to householding and in the future receive your own set of proxy materials, or if your household is currently receiving multiple copies of the same items and you would like in the future to receive only a single copy at your address, you should contact your bank, broker or other holder of record. Alternatively, you may also contact our corporate secretary at (206) 676-5000 or send a written request to our corporate secretary at The Omeros Building, 201 Elliott Avenue West, Seattle, Washington 98119 to revoke your consent to householding or to receive a separate proxy statement and 2018 Annual Report to Shareholders.

Shareholder Proposals for 2020 Annual Meeting

Under Rule 14a-8 under the Securities Exchange Act of 1934, or the Exchange Act, we must receive shareholder proposals intended for inclusion in our proxy statement for our 2020 Annual Meeting of Shareholders, or the 2020 Annual Meeting, at our principal executive offices at The Omeros Building, 201 Elliott Avenue West, Seattle, Washington 98119, no later than December 31, 2019. However, if the date of the 2020 Annual Meeting changes by more than 30 days from the date of the 2019 Annual Meeting, notice by a shareholder of a proposal must be received a reasonable time before we begin to print and send the proxy materials for the 2020 Annual Meeting.

We must receive shareholder proposals submitted for consideration at the 2020 Annual Meeting, but not for inclusion in our proxy statement for the 2020 Annual Meeting under Exchange Act Rule 14a-8, and director nominations at our principal executive offices at The Omeros Building, 201 Elliott Avenue West, Seattle, Washington 98119, no later than December 31, 2019. However, if the date of the 2020 Annual Meeting changes by more than 30 days from the date of the 2019 Annual Meeting, notice by a shareholder of such a proposal or a director nomination must be received no later than the close of business on the later of (a) 120 calendar days in advance of the 2020 Annual Meeting and (b) 10 calendar days following the date on which public announcement of the date of the 2020 Annual Meeting is first made.

In addition, notice of any shareholder proposal or director nomination must be given in accordance with our bylaws and the applicable requirements of Rule 14a-8 under the Exchange Act. If a shareholder fails to give notice of a proposal as required by our bylaws or other applicable requirements, then the proposal will not be included in the proxy statement for the 2020 Annual Meeting and the shareholder will not be permitted to present the proposal for a vote at the 2020 Annual Meeting.

CORPORATE GOVERNANCE

Board Leadership Structure

Gregory A. Demopulos, M.D., is our principal executive officer and chairman of the board of directors. Thomas J. Cable is our lead independent director. The responsibilities of our lead independent director are to:

- serve as chairman of meetings of the board of directors at which the chairman of the board is not present, such as executive sessions of the non-executive directors;
- call meetings of the non-executive directors as he deems appropriate;
- serve as the principal liaison on board-wide issues between the chairman of the board and the non-executive directors; and
- coordinate the activities of the non-executive directors as he deems appropriate.

Taking into account Dr. Demopulos' in-depth knowledge of our operations, programs and strategy, as well as the oversight authority granted to our lead independent director and the committees of our board of directors, which are each comprised solely of independent directors, our board of directors has determined that combining the roles of principal executive officer and chairman of the board of directors and appointing a separate lead independent director is the appropriate board leadership structure for us and our shareholders at this time because it promotes unified leadership and allows for a single, clear focus for management to execute the company's strategy and business plans, while at the same time maintaining a leadership structure for the company's independent directors.

Risk Oversight

Our management is primarily responsible for assessing and managing risk, while our board of directors is responsible for overseeing management's execution of its responsibilities, including risk management. The board of directors is supported by its committees in fulfillment of this responsibility. In particular, the audit committee focuses on our overall financial risk by evaluating our internal controls and disclosure policies, as well as the integrity of our financial statements and periodic reports. Our compensation committee strives to create incentives that encourage a reasonable and appropriate level of risk-taking consistent with our business strategy. Finally, the nominating and governance committee is responsible for reviewing our corporate governance and developing and maintaining corporate governance policies and procedures that are appropriate in light of the risks we face.

Director Independence

Our board of directors has determined that Mr. Aspiri, Dr. Bumol, Mr. Cable, Mr. Hanish, Dr. Hood and Dr. Shah each meet the independence requirements under applicable listing standards of The Nasdaq Stock Market LLC, or Nasdaq, as well as applicable rules promulgated by the SEC.

Board and Committee Meeting and Annual Meeting Attendance

Our board of directors held a total of eight meetings during 2018. No directors, except for Drs. Shah and Hood, attended fewer than 75% of the total number of board meetings and the total number of committee meetings of the board on which he served during 2018. Dr. Hood's attendance at a previously-scheduled honorary symposium and a jury duty obligation prevented his attendance at the board and committee meetings held on those days. Dr. Shah was prevented from attending two board meetings because of a previously-scheduled speaking commitment and a travel conflict resulting from an unplanned change in flight time, respectively. Absent these conflicts, Drs. Hood and Shah each would have attended at least 75% of applicable meetings.

We encourage, but do not require, our board members to attend our annual meeting of shareholders. Five of the seven directors then serving on our board attended our 2018 Annual Meeting of Shareholders.

Committees of the Board of Directors

Our board of directors has standing audit, compensation and nominating and governance committees, each of which has the composition and responsibilities described below. The following table provides membership information for each committee during 2018:

Audit Committee

Membership and Independence

The members of our audit committee are Mr. Aspiri, Mr. Cable and Mr. Hanish. Mr. Hanish is the chairman of our audit committee. Our board of directors has determined that each member of our audit committee meets current Nasdaq and SEC requirements for independence for audit committee members. Our board of directors has also determined that Mr. Hanish is an “audit committee financial expert” as defined in SEC rules. Our audit committee held a total of seven meetings during 2018.

- preparing the audit committee report that the SEC requires in our annual meeting proxy statements.

Compensation Committee

Membership and Independence

The members of our compensation committee are Mr. Aspiri, Mr. Cable and Dr. Hood. Mr. Aspiri is the chairman of our compensation committee. Our board of directors has determined that each member of our compensation committee meets current Nasdaq requirements for independence of compensation committee members. In addition, our board of directors has determined that each member of the compensation committee is a non-employee director for purposes of Rule 16b-3 of the Exchange Act. Our compensation committee held a total of eight meetings during 2018.

Responsibilities

Under its charter, the compensation committee is responsible for, among other things:

- evaluating the performance of our executive officers and approving their compensation and other terms of employment and reviewing and approving corporate performance goals and objectives relevant to such compensation;
- evaluating and recommending to our board of directors the type and amount of compensation to be paid or awarded to board members;
- evaluating and recommending to our board of directors the equity incentive plans, compensation plans and similar programs advisable for us;
- administering our equity incentive plans;
- reviewing and approving the terms of any employment agreements, severance arrangements, change in control protections and any other compensatory arrangements for our executive officers; and
- preparing the compensation committee report that the SEC requires in our annual proxy statement.

Processes and Procedures

Our board of directors has delegated to the compensation committee the authority to determine the compensation for our executive officers. Non-executive director compensation is recommended by our compensation committee to the board of directors for approval. Our executive officers participate in general discussions with our compensation committee and board of directors about executive compensation matters but they do not participate in discussions during which their individual compensation is considered. The compensation committee may delegate any or all of its authority under its charter to one or more subcommittees. The compensation committee may also delegate to our CEO the authority to grant employee stock options or other equity-based awards to employees of the company or any subsidiary of the company who are not directors or executive officers of the company, on such terms and subject to such limitations as the compensation committee may determine.

Compensation Committee Interlocks and Insider Participation

During 2018, Mr. Aspiri, Mr. Cable and Dr. Hood served on our compensation committee. During 2018, no member of our compensation committee was an officer or employee or formerly an officer of our company, and, except as set forth under the section entitled “Transactions with Related Persons” in this proxy statement, no member had any relationship that would require disclosure as a related person transaction under Item 404 of Regulation S-K. None of our executive officers currently serves, or in the past year has served, as a member of the board of directors or compensation committee of any entity that has one or more executive officers serving on our board of directors or compensation committee.

Nominating and Governance Committee

Membership and Independence

The members of our nominating and governance committee are Mr. Aspiri, Mr. Cable and Dr. Hood. Mr. Cable is the chairman of our nominating and governance committee. Our board of directors has determined that each member of our nominating and governance committee meets current Nasdaq requirements for independence. Our nominating and governance committee held two meetings in 2018.

Responsibilities

Under its charter, the nominating and governance committee is responsible for, among other things:

- assisting the board of directors in identifying prospective director nominees and recommending director nominees to our board of directors for each annual meeting of shareholders;
- evaluating nominations by shareholders of candidates for election to our board of directors;
- recommending governance principles to our board of directors;
- overseeing the evaluation of our board of directors;
- reviewing shareholder proposals for our annual meetings;
- evaluating proposed changes to our charter documents;
- reviewing and assessing our senior management succession plan; and
- recommending to our board of directors the members for each board committee.

Shareholder Recommendations and Nominees

It is the policy of our board of directors that the nominating and governance committee consider both recommendations and nominations for candidates to the board of directors from shareholders so long as such recommendations and nominations comply with our articles of incorporation, bylaws and applicable law, including the rules and regulations of the SEC. Shareholders may recommend director nominees for consideration by the nominating and governance committee by writing to us at the address below and providing evidence of the shareholder’s ownership of our stock, the nominee’s name, home and business address and other contact information, as well as the nominee’s detailed biographical data and qualifications for board membership, and information regarding any relationships between the recommended candidate and us within the last three fiscal years.

Following verification of the shareholder status of the person submitting the recommendation, all properly submitted recommendations will be promptly brought to the attention of the nominating and governance committee. Shareholders who desire to nominate persons directly for election to the board of directors at an annual meeting of shareholders must meet the deadlines and other requirements set forth in our bylaws and the rules and regulations of the SEC. See “Shareholder Proposals for 2020 Annual Meeting.” Any vacancies on the board occurring between our annual meetings of shareholders may be filled by persons elected by a majority of the directors then in office, and any director so elected will serve until the next shareholders’ meeting at which directors are elected.

Director Qualifications

The nominating and governance committee works with our chief executive officer to identify and recruit new directors and considers candidates proposed by shareholders as part of this process. The committee may also engage consultants or search firms, as it deems advisable, to identify director candidates. The committee also considers the composition of the board and director succession plans on an ongoing basis. In director succession planning, the nominating and governance committee and the board of directors take into account, among other things, the needs of the board of directors and the company with a view to achieving a balance of knowledge, skills, experience and other attributes that would be beneficial to the oversight role of the board of directors. In addition, our corporate governance principles provide that the nominating and governance committee will consider, in identifying and evaluating potential director candidates, the issue of board diversity including gender, ethnicity, background, professional experience and perspective and that, if the nominating and governance committee engages a director search firm or other professional to assist it in identifying director nominees, the committee will refer such firm or other professional to this diversity policy and advise that candidates who would contribute to board diversity should be identified among the candidates under consideration.

Our board of directors believes that there are no specific minimum qualifications that must be met by each candidate for the board, nor are there specific qualities or skills that are necessary for one or more of the members of the board to possess, except as may be required by rules promulgated by Nasdaq or the SEC. In evaluating the qualifications of the candidates, the nominating and governance committee will consider many factors, including issues of character, judgment, independence, diversity with respect to gender, race, ethnicity, background, professional experience and perspective, teamwork, familiarity with the pharmaceutical and biotechnology industry, age, area of expertise, corporate experience, length of service and other commitments, as well as a commitment to the long-term interests of Omeros and its shareholders. The nominating and governance committee will evaluate these factors, among others, and does not assign any particular weighting or priority to any of these factors. The committee will consider each individual candidate in the context of the current perceived needs of the board as a whole. While the board of directors has not established specific minimum qualifications for director candidates, the board believes that candidates and nominees must reflect a board that is comprised of directors who (a) are predominantly independent, (b) are of high integrity, (c) have qualifications that will increase overall board effectiveness and (d) meet other requirements as may be required by applicable rules of Nasdaq and the SEC.

Shareholder Communication with the Board of Directors

It is the policy of our board of directors to allow shareholders to communicate with its directors. Communications may be addressed to the entire board, to the non-management directors as a group or to any individual director. All such communications will be initially received and processed by the office of our general counsel. Spam, junk mail, product complaints, product inquiries, new product suggestions, resumes and other forms of job inquiries, surveys, business solicitations and advertisements and threatening, hostile, illegal and similar unsuitable communications will not be delivered to the board, but will be made available to a director upon request. To contact members of the board of directors, a shareholder should send a letter to the following address:

NON-EMPLOYEE DIRECTOR COMPENSATION

To attract and retain qualified non-employee candidates to serve on the board of directors, we utilize a combination of cash and equity-based incentive compensation. The significant amount of time that members of the board expend in fulfilling their duties, as well as the skill level required of our directors, is evaluated in setting director compensation, along with director compensation levels at companies in our peer group. We also reimburse our directors for travel and incidental expenses incurred in the performance of their services for us. Director compensation is reviewed periodically by the compensation committee with input from the compensation committee's independent third-party consultant, Compensia, Inc., or Compensia, a national compensation consulting firm providing executive compensation advisory services. Our non-employee director compensation policy was last updated by the board of directors in 2017 following the recommendation of the compensation committee and advice from Compensia with respect to the practices of peer companies. The 2017 update to our non-employee director compensation policy was intended to bring the total compensation of non-employee directors to approximately the median of our peers.

The non-employee director compensation policy provides that a non-employee director is automatically granted an option to purchase 15,000 shares of our common stock upon his or her initial appointment or election to the board, subject to vesting in equal annual installments over a three-year period beginning on the date the director took office. In addition, on the date of each annual meeting of shareholders, each non-employee director who has served as a director for at least six months and who would continue to serve as a director after the annual meeting is automatically granted an option to purchase 7,500 shares of our common stock that vests in full on the day prior to the date of the next annual meeting of shareholders. The per share exercise price for options granted to non-employee directors is equal to the closing public trading price of our common stock on the date of grant, and vesting is conditioned on the director's continued service as a director through the applicable vesting dates.

Under our policy, each non-employee director receives an annual cash retainer of \$40,000 for service on the board of directors, plus additional fees for committee service, as applicable. Committee fees are \$7,500, \$5,000 and \$2,500 per year for service as a non-chair member of the audit, compensation and nominating and governance committees, respectively, while fees for the chairs of those committees are \$15,000, \$10,000 and \$5,000 per year, respectively. In addition, our lead independent director receives an annual retainer of \$10,000 for his service in such capacity. Director fees are paid on a quarterly basis as earned.

2018 Non-Employee Director Compensation

The following table shows the compensation of each person who served as a non-employee director during the fiscal year ended December 31, 2018:

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

This Compensation Discussion and Analysis provides an overview of our executive compensation philosophy, the overall objectives of our executive compensation program and the components of our compensation program for our named executive officers. This section also discusses our executive compensation process. When we refer to our named executive officers in this proxy statement, we are referring to the following individuals, who are our only executive officers:

- Gregory A. Demopolos, M.D., our president, chief executive officer and chairman of the board of directors, who is referred to as our CEO;
- Michael A. Jacobsen, our vice president, finance, chief accounting officer and treasurer, who is referred to as our CFO; and
- Marcia S. Kelbon, J.D., M.S., our vice president, patent and general counsel and secretary.

This Compensation Discussion and Analysis contains forward-looking statements that are based on our current plans, considerations, expectations, and determinations regarding future compensation programs. The actual compensation programs that we adopt may differ materially from currently planned programs as summarized in this discussion.

Executive Summary

Business Highlights

During 2018, we made significant progress in our commercial, clinical and preclinical programs. These advances included the items listed below.

- **OMIDRIA®** – Pass-through reimbursement for our FDA-approved commercial ophthalmology product, OMIDRIA® (phenylephrine and ketorolac intraocular solution) 1%/0.3%, expired January 1, 2018, as scheduled. In March 2018, certain drugs including OMIDRIA received a two-year extension of pass-through reimbursement, effective October 1, 2018, through enactment of the Consolidated Appropriations Act, 2018. OMIDRIA revenues were significantly reduced in the first three quarters of 2018 before the extension of pass-through reimbursement status became effective. During this period, we continued our outreach to the ophthalmologic community regarding the benefits of OMIDRIA and continued to call on existing and new purchasing accounts to ensure a strong platform for the re-introduction of OMIDRIA. After pass-through reimbursement was reinstated effective October 1, 2018, weekly sales of OMIDRIA increased substantially from levels seen during the first nine months of the year, and fourth quarter 2018 revenues were \$22.0 million, our highest quarterly revenue to date. This represents a 59 percent increase year-over-year compared to fourth quarter 2017, the last quarter before losing our pass-through status on January 1, 2018.
- **MASP-2 (narsoplimab)** – We are advancing three Phase 3 clinical programs for our lead MASP-2 inhibitor narsoplimab (formerly referred to as OMS721) in the indications listed below. We are scaling up our internal capabilities and commercial infrastructure along with our third-party manufacturing capacity to meet anticipated clinical and commercial requirements in our narsoplimab program.

2018 highlights in our narsoplimab program included:

Hematopoietic stem cell transplant-associated thrombotic microangiopathy (HSCT-TMA). We received orphan drug designation from both the U.S. Food and Drug Administration, or FDA, and the European Commission for the treatment of HSCT-TMA, as well as breakthrough therapy designation from FDA for treatment of high-risk HSCT-TMA. We also reported positive data from our ongoing Phase 2 clinical trial in patients with HSCT-TMA. We plan to submit for regulatory approval with data from the currently treated patients, and the Phase 2 study will continue to gather additional exposure and follow-up data.

Immunoglobulin A (IgA) nephropathy. We received orphan drug designation from the European Commission for the treatment of IgA nephropathy in 2018, which follows the orphan drug and breakthrough therapy designations granted by FDA in 2017 for narsoplimab in the treatment of IgA nephropathy. We also reported positive data from the second cohort of IgA nephropathy patients in our ongoing Phase 2 clinical trial and began enrollment in our Phase 3 clinical trial evaluating narsoplimab in patients with IgA nephropathy. We believe that the trial design will allow assessment for either full or accelerated approval at 36 weeks based on proteinuria results either (1) across the general population of study patients or (2) in the high-proteinuria subset of patients.

Atypical hemolytic uremic syndrome (aHUS). We continued enrollment in our single-arm (*i.e.*, no control arm), open-label Phase 3 clinical trial in patients with newly diagnosed or ongoing aHUS. We have active sites in both the U.S. and Europe for this trial.

- **PDE7 (OMS527)** – We initiated a Phase 1 single-ascending- and multiple-ascending-dose clinical trial designed to assess the safety and pharmacokinetics of our PDE7 inhibitor compound in healthy subjects. We have completed dosing in all six cohorts in the single-ascending-dose portion of the trial, including a cohort to assess whether pharmacokinetics are affected by food. Dosing in the first two cohorts in the multiple-ascending-dose portion of the trial is also complete. The compound to date has been well tolerated and pharmacokinetic data support once-daily dosing, with or without food. Following Phase 1 completion, if successful, we plan to conduct a Phase 2a study targeting nicotine addiction.
- **MASP-3 (OMS906)** –The manufacturing scale-up process for a MASP-3 inhibitor antibody is underway as we continue to advance our OMS906 program towards the clinic. We are currently targeting paroxysmal nocturnal hemoglobinuria as the first clinical indication for OMS906.
- **GPCRs** – During 2018 we continued advancing multiple potential clinical candidates in our G protein-coupled receptor, or GPCR, program. We are conducting *in vitro* and *in vivo* preclinical efficacy studies and are optimizing compounds for a number of targets including: GPR151, linked to schizophrenia and cognition; GPR161, which is associated with triple negative breast cancer and various sarcomas; GPR174, which is involved in the modulation of the immune system and, in animal and *ex vivo* human studies, increases cytokine production and inhibits production of regulatory T cells, or “T-regs,” and checkpoint molecules, all of which are known to be important in cancer, organ transplantation and autoimmune disease, such as multiple sclerosis.

Significant Executive Compensation Actions

We determine compensation for our named executive officers based on their ability to achieve operational goals that further our long-term business objectives and create sustainable long-term shareholder value in a cost-effective manner. We generally make compensation adjustments on an annual basis in connection with approval of compensation adjustments for all eligible employees, although, in historical periods, compensation adjustments or the timing thereof have been affected by the availability of cash, the need to preserve capital or the achievement of significant corporate objectives.

In April 2018, our compensation committee approved base salary adjustments and stock option awards to our named executive officers in connection with the approval of salary adjustments and stock option awards to all eligible employees for company and individual performance in 2017. Cash bonuses for our named executive officers with respect to company and individual performance during 2017 were delayed in the interest of preserving capital until September 2018.

In February 2019, our compensation committee approved stock option awards for all eligible employees, including our named executive officers, on the basis of company and individual performance in 2018. During 2019, we also expect to make salary adjustments and grant cash bonuses to eligible employees, including our named executive officers, on the basis of company and individual performance in 2018.

Executive Compensation Philosophy and Objectives

We operate in a highly competitive business environment, which is constantly reshaped by medical advances, frequent changes to market and regulatory requirements and the emergence of new competitive technologies. To thrive in this environment, we must work rapidly to create and refine new development programs and product candidates, drive product candidates toward commercialization, achieve commercial objectives and demonstrate an ability to quickly identify and capitalize on new business opportunities. To achieve these goals, we need a highly talented team of technical and business professionals.

We compete with many other companies in seeking to attract and retain a skilled management team. To meet this challenge, we have employed a compensation philosophy of offering our executive officers competitive compensation and benefits packages that are focused on the creation of long-term shareholder value and rewarding our executive officers for achieving our strategic objectives.

We orient our executive compensation program to:

- provide total compensation opportunities that enable us to recruit and retain executives with the experience and skills to manage the growth of our company and lead us to the next stage of development;
- establish a clear alignment between the interests of our executives and the interests of our shareholders;

- reinforce a culture of ownership, excellence and urgency; and
- create a direct and meaningful link between company business results, individual performance and compensation.

Executive Compensation-Setting Process

Role of the Compensation Committee

The compensation committee of our board of directors is responsible for establishing our executive compensation philosophy and administering our executive compensation program, as well as determining and approving the compensation for our executive officers. The compensation committee periodically reports to our board of directors on its deliberations and actions. The compensation committee, with the assistance of Compensia, reviews our executive compensation program, including any incentive compensation plans, to determine whether they are appropriate, properly coordinated and achieve their intended purposes. In addition to the services mentioned above, Compensia also recommends to our board of directors or compensation committee any modifications of our existing plans, or new plans or programs, from time to time as requested by our board of directors or compensation committee.

Role of Management

In carrying out its responsibilities, the compensation committee works with members of our management, including our CEO. Typically, our senior management assists the compensation committee and Compensia by providing information on company and individual performance, market data and management's perspective and recommendations on compensation matters. Our CEO reviews data compiled by Compensia and our senior management and, after discussion with Compensia, makes recommendations to the compensation committee regarding the compensation of our executive officers and significant employees, including Ms. Kelbon and Mr. Jacobsen. Our CEO does not make recommendations with respect to his own compensation and excuses himself from compensation committee meetings when his compensation is discussed.

While the compensation committee solicits and reviews our CEO's recommendations and proposals with respect to compensation-related matters and receives guidance from Compensia, the compensation committee makes its decisions independently and may consider factors and information other than our CEO's recommendations and proposals.

Role of Compensation Consultant

The compensation committee is authorized to retain the services of compensation consultants and other advisors in connection with the discharge of its responsibilities. The compensation committee has engaged Compensia, a national compensation consulting firm, to assist it from time to time in developing a set of executive compensation guiding principles, to evaluate the competitiveness of our executive officers' compensation and to assist it in designing and implementing our executive compensation program. Compensia serves at the discretion of the compensation committee. Our compensation committee has evaluated Compensia's independence using the factors specified by the SEC and Nasdaq listing standards and has determined that the work performed by Compensia in 2018 does not give rise to any conflict of interest. Compensia provided advisory services to the compensation committee with respect to executive compensation in 2018 but did not provide other services.

Use of Competitive Data

To assess the competitiveness of our executive compensation program and current compensation levels and to assist it in setting compensation levels, the compensation committee refers to compensation data compiled with respect to the compensation paid to executives in a peer group of comparable companies in our industry. Compensia assisted in the development of this group, which we refer to as the Peer Group, with our input in 2014. Companies were selected for the Peer Group based on their similarities to Omeros, including their stage of development, number of development programs, revenue and market capitalization. Compensation data for the companies comprising the Peer Group is gathered from public filings and supplemented by survey data from the Radford Global Life Sciences Survey. The Peer Group was comprised of the following companies:

Aegerion Pharmaceuticals, Inc.	Anika Therapeutics, Inc.
Arena Pharmaceuticals, Inc.	Avanir Pharmaceuticals, Inc.
Dendreon Corporation	Dyax Corp.
Exelixis, Inc.	Hyperion Therapeutics, Inc.
Insys Therapeutics, Inc.	MannKind Corporation
Momenta Pharmaceuticals, Inc.	NPS Pharmaceuticals, Inc.
Pacira Pharmaceuticals, Inc.	Spectrum Pharmaceuticals, Inc.
Sucampo Pharmaceuticals, Inc.	Vanda Pharmaceuticals Inc.

The compensation committee considered compensation data from this Peer Group when making its 2018 compensation decisions.

With Compensia's assistance, our compensation committee developed a revised and updated Peer Group in early 2019, which the compensation committee intends to use in connection with compensation decisions for the 2019 performance year. Peer companies were selected for the revised Peer Group based on their comparability to Omeros in terms of stage of development, depth and diversity of pipeline programs, and revenue and market capitalization. The revised Peer Group is comprised of the following companies:

ACADIA Pharmaceuticals Inc.	Akcea Therapeutics, Inc.
Alder Biopharmaceuticals Inc.	Amicus Therapeutics, Inc.
Biocryst Pharmaceuticals, Inc.	Clovis Oncology, Inc.
Corcept Therapeutics Incorporated	Dermira, Inc.
Enanta Pharmaceuticals, Inc.	Heron Therapeutics, Inc.
Insmed Inc.	Intercept Pharmaceuticals, Inc.
La Jolla Pharmaceutical Co.	Portola Pharmaceuticals, Inc.
Progenics Pharmaceuticals, Inc.	PTC Therapeutics, Inc.
Radius Health, Inc.	Retrophin, Inc.
Rigel Pharmaceuticals, Inc.	Spectrum Pharmaceuticals, Inc.
Vanda Pharmaceuticals Inc.	

Compensation Program Design

In 2018, compensation for our named executive officers consisted of base salary, stock option awards and certain employee benefits and perquisites, as well as the opportunity to earn cash bonuses. Base salary adjustments and annual stock option awards for employees, including our named executive officers, were approved in April 2018. These decisions were based on company and individual performance in 2017, as well as market adjustment factors. Cash bonuses for our named executive officers with respect to 2017 performance were delayed until September 2018 in order to preserve capital. In most years, we expect that the compensation of our named executive officers will include equity awards and bonuses, however in some years we expect that the timing of compensation decisions may be delayed, or that we may elect to defer paying cash bonuses in order to preserve capital or fund other corporate priorities.

We do not specifically allocate between short-term and long-term compensation and equity and cash compensation. The compensation committee considers each compensation element separately and then reviews total compensation to consider whether it is appropriate in light of company performance, our named executive officers' individual performance and our liquidity requirements. The compensation committee also gives weight in making compensation decisions to relative internal pay equity among our named executive officers, as well as among our employees generally, commensurate with their relative contributions. The compensation committee annually reviews our executive compensation program to ensure that our compensation program does not encourage excessive risk-taking by executives. The compensation committee conducted an executive compensation risk assessment and determined that it does not believe that our compensation programs and policies, as described in this proxy statement, encourage risks that are reasonably likely to have a material adverse effect on the company.

In order to provide appropriate incentives for our named executive officers and align interests with our shareholders, the compensation committee has determined that a substantial portion of the total compensation for named executive officers should be "at risk," and as a result stock option awards and cash bonuses collectively comprise the majority of total compensation for our CEO and other named executive officers. The compensation committee considers stock option grants to involve "at risk" compensation because the realization of compensation for a stock option award is dependent on the price of our common stock at the time the stock options are exercised (notwithstanding the grant date fair value of option awards reported in the Summary Compensation Table below). With respect to cash bonuses, our compensation committee determines the amounts of bonuses in relation to the achievement of corporate and individual objectives during the applicable performance year.

Executive Compensation Program Components

The following is a description of each component of our executive compensation program, the rationale for each component and how awards were determined in 2018.

Base Salary

Base salaries are used to recognize the experience, skills, knowledge and responsibilities required of our named executive officers. The compensation committee reviews the base salaries of our named executive officers each year. In assessing these base salary levels, the compensation committee considers market competitiveness based on Peer Group and survey data, the executive officer's past and expected future contributions to Omeros, his or her knowledge, experience and responsibilities and the relative base salaries and responsibilities of the other members of our senior management team.

In April 2018, the compensation committee increased the base salaries of Dr. Demopulos, Mr. Jacobsen and Ms. Kelbon, in connection with the increase of base salaries for all eligible employees at the vice president level and above. After reviewing market adjustment data as well as Peer Group data and considering the performance of our named executive officers, their importance to the organization and relative internal pay equity between our executive officers and other employees, the compensation committee increased the base salaries for each of Dr. Demopulos, Mr. Jacobsen and Ms. Kelbon by three percent. Consistent with our implementation of company-wide salary changes in prior years, the compensation committee made these base salary increases retroactive to April 1, 2018. Base annual salary rates in 2018 for our named executive officers, after giving effect to this base salary increase, were as follows:

Named Executive Officer	Adjusted 2018 Base Salary
Gregory A. Demopulos, M.D.	\$ 776,134
Michael A. Jacobsen	\$ 355,402
Marcia S. Kelbon, J.D., M.S.	\$ 400,008

Annual Bonuses

Our compensation committee has the authority and discretion to award annual bonuses to our named executive officers. The purpose of annual bonuses is to provide incentives for our named executive officers and other employees to achieve the annual corporate and individual performance objectives developed from our annual business review and adjusted during the year to reflect any changes in our operating plans and strategy. We believe bonuses provide an effective tool to motivate and retain our employees, including our named executive officers, and achieve our business objectives. Annual bonuses may be paid in the form of cash and/or additional equity awards.

With respect to our payment of bonuses, the compensation committee first establishes a target bonus amount for each named executive officer. This amount is calculated as a percentage of the named executive officer's base salary, which can range from 20% to 100% for an individual performance year. The target amounts are reviewed and revised as needed to align with competitive market compensation paid to similarly situated executives at the companies in the Peer Group and to properly address individual responsibilities and experience, internal pay equity and other factors. The extent to which these bonuses are actually paid is determined at the discretion of the compensation committee based primarily upon an assessment of our achievement of the corporate performance objectives for the year, with consideration also being given to an assessment of each named executive officer's individual performance and contribution to achievement of our corporate performance objectives.

Preliminary performance objectives are established by the board of directors, with input from our named executive officers and other members of senior management, as corporate goals that reflect our business priorities for the year and may be weighted by relative importance. For each performance year, the compensation committee, in consultation with the board of directors, reviews the corporate performance objectives and their weightings to determine and confirm their appropriateness for use as performance measurements for purposes of named executive officer compensation. The objectives and/or weightings may be re-visited during the year and potentially restated in the event of significant changes in corporate strategy or the occurrence of significant corporate events. The compensation committee retains full discretion to adjust individual bonus awards upwards for exceptional performance and to otherwise adjust bonus awards upwards or downwards to respond to changes in competitive compensation or other factors not measured by corporate or individual performance in any given year. In addition, depending on the company's cash position, the compensation committee has the discretion, after consulting with the board of directors and our CEO, to not pay cash bonuses to conserve cash and support ongoing development programs and commercialization efforts.

Corporate performance factors established in connection with compensation decisions for the 2017 performance year included objectives related to the following:

- OMIDRIA net sales;
- progress towards securing permanent or extended pass-through reimbursement status for OMIDRIA;

- operating cash flow;
- data reported from our Phase 2 clinical trials for narsoplimab;
- initiation of Phase 3 and registration trials for narsoplimab;
- receipt of breakthrough therapy designations for narsoplimab; and
- other strategic objectives.

In September 2018 the compensation committee reviewed our executive compensation program and approved payment of cash bonuses for our named executive officers, in each case based on company and individual performance in 2017. In determining bonus payments for our named executive officers, our compensation committee considered the corporate milestones achieved in 2017, including the substantial growth in sales of OMIDRIA, near achievement of breakeven cash flow by year-end December 31, 2017, progress towards securing an extension of pass-through reimbursement for OMIDRIA, advancement of three Phase 3 programs for narsoplimab and generation of positive data in Phase 2 trials of narsoplimab in renal diseases and in thrombotic microangiopathies. Our compensation committee approved cash bonuses equal to 80% of the target bonus amount for each of Mr. Jacobsen and Ms. Kelbon based on these accomplishments, as well as their individual performance which included, for Mr. Jacobsen, successful completion of capital raising transactions and, for Ms. Kelbon, favorable resolution of patent litigation against Par Pharmaceutical, Inc. and its subsidiary, Par Sterile Products, LLC. The target bonus amount for each of Mr. Jacobsen and Ms. Kelbon was 25% of their 2017 base salaries, resulting in cash bonus payments of \$69,010 and \$77,671, respectively. The compensation committee approved a cash bonus payment of \$700,000 for Dr. Demopulos in recognition of his key leadership role in the achievement of each of the corporate milestones described above. In determining the amount of the bonus awarded to Dr. Demopulos, the compensation committee considered the critical importance of OMIDRIA revenues to our company's ability to continue advancing our development programs and achieve our ambition of becoming a multi-product commercial pharmaceutical company. As such, the compensation committee's evaluation of Dr. Demopulos' performance placed particular emphasis on the effectiveness of his extraordinary efforts during 2017 and early 2018 to secure an extension of pass-through reimbursement status for OMIDRIA.

We expect that we will pay bonuses during 2019 to our eligible employees, including our named executive officers, based on the level of achievement of corporate performance objectives established in early 2018 and the compensation committee's discretion. Corporate objectives established for the 2018 performance year included, among other things, OMIDRIA sales levels, progress toward permanent pass-through reimbursement for OMIDRIA, achievement of positive clinical data in our narsoplimab program and regulatory submissions.

Equity Compensation

We use equity awards to provide incentives and to reward our named executive officers for long-term corporate performance based on the value of our common stock and thereby align the interests of our executive officers, and other key employees, with those of our shareholders. Historically, we have not applied a rigid formula in determining the size of the equity awards that were granted to our executive officers. Instead, the compensation committee has exercised its judgment, taking into consideration, among other things, Peer Group data compiled by Compensia as well as company performance, an evaluation of the expected and actual performance of each named executive officer, each named executive officer's responsibilities, experience, skills and contributions, the cash compensation received by each named executive officer, relative internal pay equity and market conditions. The compensation committee generally also considers the existing equity holdings of each named executive officer, including the current economic value of their unvested equity and the ability of these unvested holdings to satisfy our objectives of retaining and incentivizing our executive officers. Based on these factors, the compensation committee, with data received from Compensia and, with respect to Mr. Jacobsen and Ms. Kelbon, input from the CEO, determines the size of each award at levels it considered appropriate to create a meaningful opportunity for reward predicated on the creation of long-term shareholder value. The compensation committee has historically granted equity awards in the form of stock options, although it is authorized to grant other types of equity awards, including restricted stock and restricted stock units, and may do so in the future.

The compensation committee grants stock option awards on an annual basis. In April 2018, the compensation committee granted stock option awards to our employees, including our named executive officers. In determining the size of the stock option awards for the named executive officers, the compensation committee considered their individual performance and the corporate milestones achieved in 2017, discussed above, as well as internal equity and related factors.

Historically, stock option awards granted by our compensation committee in connection with annual performance reviews vest in equal monthly installments over a four-year period. The per share exercise price for our stock option awards is equal to the fair market value of our common stock on the date of grant. The fair market value is the closing public trading price of our common stock on the date of grant or, if the equity award is granted on a day when the trading market for our common stock is closed, the closing public trading price on the most recent trading day prior to the date of grant.

The stock option awards granted to our named executive officers in April 2018 have an exercise price of \$13.58 per share and vest in equal monthly installments over a four-year period commencing April 1, 2018. The stock option awards granted to our named executive officers in 2018 were as follows:

Named Executive Officer	Number of Shares of Common Stock Underlying Stock Option Awards Granted April 2018
Gregory A. Demopoulos, M.D.	350,000
Michael A. Jacobsen	60,000
Marcia S. Kelbon, J.D., M.S.	65,000

Retirement and Other Benefits

We have established a broad-based tax-qualified Section 401(k) retirement savings plan for our employees, including our named executive officers, who satisfy certain eligibility requirements. Under this plan, participants may elect to make pre-tax contributions, or post-tax contributions under a Roth option, of up to 100% of their current compensation, not to exceed the applicable statutory income tax limitation (which was \$18,500 in 2018, or \$24,500 if over age 50). We have an annual matching program based on salary deferral contributions made by participants in the plan. The company contribution is a match of the amount participants contribute to the plan, up to 4% of their eligible earnings or a maximum employer match of \$4,000 per year. Participants must be employed with the company at December 31 of each year to be eligible for the matching contribution. The matching contribution vests at 25% per year beginning upon the participant's initial employment at the company. We intend for the plan to qualify under Section 401(a) of the Internal Revenue Code, or the Code, so that deferral contributions by participants to the plan, and income earned on plan contributions, are not taxable to participants until withdrawn from the plan.

Additional benefits received by our employees, including our named executive officers, consist of medical, dental and vision benefits, medical and dependent care flexible spending accounts, short- and long-term disability insurance, accidental death and dismemberment insurance and basic life insurance coverage. These benefits are provided to our named executive officers on the same basis as to all of our full-time employees.

We design our employee benefits programs to be affordable and competitive in relation to the market as well as compliant with applicable laws and practices. We adjust our employee benefits programs as needed based upon regular monitoring of applicable laws and practices and the competitive market.

Perquisites and Other Personal Benefits

Historically, with the exception of parking expenses, we only have provided perquisites or other personal benefits to our CEO. Pursuant to the terms of his employment agreement, we pay certain expenses incurred by our CEO, including his medical malpractice insurance premiums and practice fees so that he may continue to practice medicine, as well as parking expenses and business-related information technology expenses. We believe that his ability to maintain his position as a practicing surgeon is beneficial to our corporate objectives including, for example, by providing him with insight in determining the strategic direction of the company and our specific drug development programs as well as establishing relationships with key medical opinion leaders.

Currently, we do not view perquisites or other personal benefits as a significant component of our executive compensation program. In the future, however, we may provide such items in limited circumstances, such as when we believe it is appropriate to assist an individual in the performance of his or her duties, to make our executives more efficient and effective and for recruitment, motivation or retention purposes. All future practices with respect to significant perquisites or other personal benefits will be approved and subject to periodic review by the compensation committee.

Our named executive officers are not eligible to receive any tax "gross-ups" or other tax reimbursement payments.

Employment Agreement and Post-Employment Compensation

Except for our CEO, we do not have employment agreements with our named executive officers. For a summary of the material terms and conditions of the employment agreement with our CEO, see “Employment Agreement with Gregory A. Demopulos, M.D.” below in this proxy statement. Our CEO’s current employment agreement, which was entered into in 2010, was deemed necessary by our compensation committee to provide a competitive compensation package to retain someone with his unique skill set and medical expertise. At the same time, the compensation committee was sensitive to the need to balance the market competitiveness with the financial limitations of a development-stage life sciences company.

As part of his compensation package, the CEO’s employment agreement includes certain severance obligations and other provisions that apply in the event of termination of his employment under specified circumstances, including following a change in control of our company. The compensation committee determined that these provisions were necessary to induce our CEO to limit his medical practice in exchange for the uncertainty of a demanding position in the company and were developed based on negotiations with our CEO. The compensation committee believes that these protections continue to serve a retention purpose and help our CEO maintain his focus on his duty to maximize shareholder value if there is a potential transaction that could involve a change in control of our company. For a summary of these provisions, see “Potential Payments upon Termination or Change in Control” below in this proxy statement.

In addition, we provide all of our employees, including our named executive officers, with accelerated vesting benefits for their equity awards in the event of a change in control of the company. We have provided this benefit to encourage our employees to focus on their responsibilities and not be distracted by the potential effect of a change in control of our company on their employment status. For a summary of the material terms and conditions of these benefits, see “Potential Payments upon Termination or Change in Control” below in this proxy statement.

Hedging and Pledging Policy

Under our insider trading policy, all of our employees, including our executive officers, as well as our directors are prohibited from engaging in short sales of our stock as well as in transactions in publicly traded options, such as puts and calls, or in other derivative securities of our common stock, with the exception of securities issued pursuant to our compensatory benefit plans. This prohibition extends to any hedging or similar transaction designed to decrease the risks associated with holding our securities. Our insider trading policy also prohibits our executive officers and directors from pledging our securities as collateral for loans or holding our securities in margin accounts in which the securities may be sold without the officer’s or director’s consent unless certain preclearance requirements and restrictions are satisfied including approval by our board of directors or the audit committee of the board of directors. As permitted by our insider trading policy, exemptions have been granted with respect to our CEO and The Demopulos Family Trust to permit each to pledge shares of Omeros common stock as collateral for a line of credit.

Tax and Accounting Considerations

Deductibility of Executive Compensation

Generally, Section 162(m) of the Code disallows a tax deduction to any publicly held corporation for any remuneration in excess of \$1.0 million paid in any taxable year to certain executive officers. The performance-based compensation exception to the deductibility limit under Section 162(m) of the Code was eliminated for taxable years beginning after December 31, 2017. Accordingly, we are unable to deduct remuneration in excess of \$1.0 million paid to our covered executive officers (consisting of any employee who, at any time after December 31, 2016, was our principal executive officer, principal financial officer or one of our other three highest paid named executive officers), unless such payment qualifies for certain transition relief.

As described above, the compensation committee believes that its primary responsibility is to provide a compensation program that enables us to attract, retain and motivate highly qualified and talented executive officers. Accordingly, while the compensation committee considers all cost elements of our executive compensation programs, the compensation committee may, in its judgment, authorize compensation payments that exceed the \$1.0 million limit on deductible compensation when it believes that such payments are appropriate to attract, retain and reward executive talent and to promote our corporate objectives.

Taxation of “Parachute” Payments and Deferred Compensation

Sections 280G and 4999 of the Code provide that executive officers and directors who hold significant equity interests and certain other service providers may be subject to an excise tax if they receive payments or benefits in connection with a change in control of our company that exceeds certain prescribed limits, and that our company (or a successor) may forfeit a deduction on the amounts subject to this additional tax. We are not obligated to provide any named executive officer with a “gross-up” or other reimbursement payment for any tax liability that may become payable as a result of the application of Sections 280G or 4999.

Section 409A of the Code imposes significant additional taxes if an executive officer, director or service provider receives “deferred compensation” that does not satisfy the restrictive conditions of the provision. Although we did not have a traditional nonqualified deferred compensation plan in place for our executive officers during 2018, Section 409A applies to certain equity awards and severance arrangements. We believe that we have structured our equity awards in a manner intended to comply with the applicable Section 409A conditions.

Accounting for Stock-Based Compensation

We follow FASB ASC Topic 718, Compensation — Stock Compensation, for our stock-based compensation awards. FASB ASC Topic 718 requires companies to calculate the grant date “fair value” of their stock-based awards using a variety of assumptions. This calculation is performed for accounting purposes and reported in the compensation tables below, even though recipients may never realize any value from their awards. FASB ASC Topic 718 also requires companies to recognize the compensation cost of their stock-based awards in their income statements over the period that an employee is required to render service in exchange for the award.

Compensation Committee Report

The compensation committee has reviewed and discussed the Compensation Discussion and Analysis contained in this proxy statement with management and, based on such review and discussion, has recommended to the board of directors that the Compensation Discussion and Analysis be included in this proxy statement and incorporated by reference into our Annual Report on Form 10-K for the year ended December 31, 2018.

Potential Payments upon Termination or Change in Control

Pursuant to our employment agreement with Dr. Demopoulos we are required to make payments to him upon termination of his employment in the circumstances described below. In addition, under the terms of our equity incentive plans, all of our named executive officers and significant employees are entitled to acceleration of vesting of their option awards upon a merger or change in control under certain conditions or pursuant to terms and conditions as may be determined by the compensation committee according to such plans.

Employment Agreement with Gregory A. Demopoulos, M.D.

Overview. We entered into an employment agreement with Dr. Demopoulos dated April 7, 2010 related to his service as our president and chief executive officer. Pursuant to the terms of his employment agreement, Dr. Demopoulos is an at-will employee and was entitled to receive an initial annual base salary of \$600,000, which our compensation committee reviews at least annually. In April 2018, our compensation committee increased Dr. Demopoulos' annual base salary to \$776,134 from \$753,528, effective as of April 1, 2018. We may not reduce Dr. Demopoulos' annual base salary without his consent. Dr. Demopoulos is entitled to participate in awards under our equity compensation and/or equity incentive plans at a level and on terms commensurate with his position and responsibilities, and no less favorable than those applicable to chief executive officers of peer companies as reasonably determined by the compensation committee, taking into account the recommendation of our independent compensation consultants. Dr. Demopoulos also is entitled to participate in any employee benefit and fringe benefit plans that we make available to our executive employees, such as our equity compensation plans, 401(k) plan, disability and life insurance and company-paid health insurance. We also have agreed to allow Dr. Demopoulos to maintain his status as a board-eligible orthopedic and hand and microvascular surgeon, which includes his performance of surgical procedures on a limited basis and have agreed to pay related malpractice insurance and professional fees, which were \$10,157 in 2018. We believe that Dr. Demopoulos' ability to maintain his standing as a practicing surgeon is beneficial to our corporate objectives including, for example, providing him with insight in determining the strategic direction of the company and our specific drug development programs, as well as establishing relationships with key medical opinion leaders.

The employment agreement prohibits Dr. Demopoulos from carrying on any business or activity, directly or indirectly, in direct competition with us or soliciting our employees to terminate their employment with us or to work with one of our competitors during his employment and for a period of up to two years following termination of his employment. In addition, the employment agreement prohibits him from soliciting or attempting to influence any of our customers or clients to purchase products from our competitors rather than our products.

The compensation due to Dr. Demopoulos pursuant to his employment agreement following termination of his employment with us varies depending upon the nature of the termination.

Termination Without Cause or for Good Reason. Dr. Demopulos' employment agreement provides that if we terminate his employment without "cause," as defined below, or if he terminates his employment with us for "good reason," as defined below, then until the earlier of (a) two years from the date of his termination and (b) his start date with a new employer that pays him an annual base salary at least equal to the annual base salary we paid to him prior to his termination (provided that if he terminates his employment for good reason because of a reduction in his annual base salary, then the annual base salary that will be measured will be the annual base salary we paid him prior to such reduction), we will be obligated to pay him on our regularly scheduled payroll dates on an annualized basis:

- the annual base salary he was receiving as of his termination, provided that if he terminates his employment for good reason because of a reduction in his annual base salary, then the annual base salary we will be obligated to pay him will be his annual base salary in effect prior to such reduction; plus
- the greater of (1) the average annual bonus paid or payable with respect to the preceding two calendar years and (2) any bonus he would have been entitled to in the year of his termination as determined by our board of directors in good faith.

In addition, if we terminate Dr. Demopulos' employment without cause or if he terminates his employment with us for good reason, all of his unvested option awards will immediately vest and become exercisable until the maximum term of the respective option awards and all unvested restricted shares he holds, if any, will immediately vest. Dr. Demopulos and his eligible dependents may also continue to participate in all health plans we provide to our executive employees on the same terms as our employees for a period of up to two years from the date of his termination, unless his new employer provides comparable coverage.

"Cause" is defined under Dr. Demopulos' employment agreement to mean:

- his willful misconduct or gross negligence in the performance of his duties, including his refusal to comply in any material respect with the legal directives of our board of directors so long as such directives are not inconsistent with his position and duties, and such refusal to comply is not remedied within 10 working days after written notice from the board of directors;
- dishonest or fraudulent conduct that materially discredits us, a deliberate attempt to do an injury to us or conduct that materially discredits us or is materially detrimental to our reputation, including conviction of a felony; or
- his material breach, if incurable, of any element of his confidential information and invention assignment agreement with us, including without limitation, his theft or other misappropriation of our proprietary information.

Dr. Demopulos may terminate his employment for "good reason" if he terminates his employment with us within 120 days of the occurrence of any of the following events:

- any material diminution in his authority, duties or responsibilities;
- any material diminution in his base salary;
- we relocate his principal work location to a place that is more than 50 miles from our current location; or
- we materially breach his employment agreement.

If any of the above events have occurred as a result of our action, we will have 30 days from notice of such event from Dr. Demopulos to remedy the situation, in which case Dr. Demopulos will not be entitled to terminate his employment for good reason related to the event.

If Dr. Demopulos' employment had been terminated without cause or if he had terminated his employment with good reason on December 31, 2018, he would have been entitled to receive an annual base salary of \$776,134 and an annual bonus amount of \$496,316, payable on a bi-monthly basis over a period of up to two years from the date of termination. In addition, option awards with a value of \$106,342 would automatically vest upon his termination, which is the difference between \$11.14, the closing trading price of our common stock on December 31, 2018, and the exercise price of the outstanding option awards held by Dr. Demopulos with an exercise price of less than \$11.14 per share, multiplied by the number of shares subject to each such option award that would have automatically vested on his termination date.

Dr. Demopulos and his eligible dependents would also be entitled to participate in the health plans we provide to our employees for a period of up to two years from the date of his termination at a cost to us of approximately \$21,390.

Termination for Cause, Voluntary Termination, Death or Disability. If we terminate Dr. Demopulos' employment for cause, if he voluntarily terminates his employment with us other than for good reason, or if his employment is terminated as a result of his death or "disability," as defined below, Dr. Demopulos will be entitled to receive payments for all earned but unpaid salary, bonuses and vacation time, but he will not be entitled to any severance benefits.

“Disability” is defined under Dr. Demopulos’ employment agreement as his inability to perform his duties as the result of his incapacity due to physical or mental illness, and such inability, which continues for at least 120 consecutive calendar days or 150 calendar days during any consecutive 12-month period, if shorter, after its commencement, is determined to be total and permanent by a physician selected by us and our insurers and acceptable to Dr. Demopulos.

2008 Equity Incentive Plan and 2017 Omnibus Incentive Compensation Plan

Pursuant to the 2008 Equity Incentive Plan, or the 2008 Plan, in the event of a merger or “change in control,” as defined in the 2008 Plan, the vesting of option awards issued pursuant to such plan and held by our then-current employees, including those held by Dr. Demopulos, Mr. Jacobsen and Ms. Kelbon, as applicable, will be accelerated to the extent of 50% of the remaining unvested shares if the successor corporation assumes or substitutes outstanding option awards or replaces such awards with a comparable cash incentive program. Under both the 2008 Plan and the 2017 Plan, if there is no assumption or substitution of outstanding option awards or replacement of such awards with a comparable cash incentive program by the successor corporation in connection with a merger or “change in control” (as separately defined in each plan), the option awards will become fully vested and exercisable immediately prior to the change in control. In addition, under awards granted under each of the 2008 Plan and the 2017 Plan, if within 12 months following a change in control an employee, including Dr. Demopulos, Mr. Jacobsen or Ms. Kelbon, is terminated without “cause” or as a result of a “constructive termination,” as such terms are defined below, any outstanding option awards held by him or her, as applicable, that we issued pursuant to the 2008 Plan or the 2017 Plan, as applicable, will become fully vested and exercisable. The amounts under these plans that our named executive officers would have received under each of these scenarios appear in the table below.

The 2008 Plan or the equity award agreements thereunder define key terms relating to the change in control provisions as follows:

- a “change in control” means a proposed sale of all or substantially all of our assets, or the merger of us with or into another corporation, or other change in control;
- a termination for “cause” means a termination of an employee for any of the following reasons: (1) his or her willful failure to substantially perform his or her duties and responsibilities to us or a deliberate violation of a company policy; (2) his or her commission of any act of fraud, embezzlement, dishonesty or any other willful misconduct that has caused or is reasonably expected to result in material injury to us; (3) unauthorized use or disclosure by him or her of any proprietary information or trade secrets of ours or any other party to whom he or she owes an obligation of nondisclosure as a result of his or her relationship with us; or (4) his or her willful breach of any of his or her obligations under any written agreement or covenant with us; and
- a “constructive termination” means the occurrence of any of the following events: (1) there is a material adverse change in an employee’s position causing such position to be of materially reduced stature or responsibility; (2) a reduction of more than 30% of an employee’s base compensation unless in connection with similar decreases of other similarly situated employees; or (3) an employee’s refusal to comply with our request to relocate to a facility or location more than 50 miles from our current location; provided that in order for an employee to be constructively terminated, he or she must voluntarily terminate his or her employment within 30 days of the applicable material change or reduction.

The 2017 Plan defines key terms relating to the merger or change in control provisions as follows:

- a “change in control” means a sale of all or substantially all of our assets, or the merger of us with or into another corporation, or other change in control;
- a termination for “cause” means a termination of the employment or consulting relationship with the company for any of the following reasons: (1) willful misconduct or gross negligence in performance of duties or material violation of company policy; (2) commission of any act of fraud, embezzlement, dishonesty or any other willful misconduct that has caused or is reasonably expected to result in material injury to us; (3) unauthorized use or disclosure of any proprietary information or trade secrets of ours or any other party to whom he or she owes an obligation of nondisclosure as a result of his or her relationship with us; or (4) willful breach of any of his or her obligations under any written agreement or covenant with us; and

- a “constructive termination” means the employee’s termination of employment within 120 days of any of the following events: (1) any material diminution in the employee’s authority, duties or responsibilities; (2) any material diminution in base salary; (3) any change of more than 50 miles in the geographic location at which the employee must primarily perform services; and (4) any other action or inaction that constitutes a material breach by the company of an employment agreement with the employee; provided, however, that the employee must first provide the company with written notice specifying the foregoing occurrences within 90 days of such occurrence, and provide the company with an opportunity to cure the condition within 30 days of delivery of such notice.

Equity Acceleration Upon a Change in Control

The following table summarizes the value that Dr. Demopulos, Mr. Jacobsen and Ms. Kelbon would have derived from the acceleration of outstanding equity awards had a change in control (and certain other events, as applicable) occurred on December 31, 2018. The amounts below represent the difference between \$11.14, the closing trading price of our common stock on December 31, 2018, and the exercise price of the option awards with an exercise price of less than \$11.14 per share held by these individuals, multiplied by the number of shares subject to such option awards that would have vested pursuant to the terms of our equity plans on December 31, 2018 upon the occurrence of each of the events identified in the table below.

Name	Option Awards Assumed by Successor (\$)	Option Awards Not Assumed by Successor (\$)	Termination Without Cause or Constructive Termination Within 12 Months of Change in Control (\$)
Gregory A. Demopulos, M.D.	53,171	106,342	106,342

Marcia S. Kelbon, J.D., M.S.	10,634	21,269	21,269

CEO Pay Ratio Disclosure

We are required by SEC rules and regulations to disclose the annual total compensation for our CEO and the median annual total compensation for our worldwide employee population excluding our CEO, and the ratio of annual total compensation for our CEO to the annual total compensation for our median employee. Our population of employees was significantly higher as of December 31, 2018 when compared to December 31, 2017, the date on which we last identified our median employee. As such, we chose to re-identify the median employee for 2018 using substantially the same methodology as was used to identify the median employee for 2017. To identify and quantify the total compensation of our median employee and our CEO, we took the following steps:

1. We determined that, as of December 31, 2018, our employee population consisted of 232 individuals (excluding our CEO), all of whom reside in the U.S. This population consisted of our full-time, part-time and temporary employees employed with us as of the determination date.
2. To identify the “median employee” from our employee population, we used total W-2 compensation consistently applied to all employees included in the calculation. We annualized the compensation for full-time and permanent, part-time employees who were not employed by us for all of 2018 for purposes of establishing the distribution of employees within our population and identified the employee nearest the median of this distribution who was employed for the full year 2018 as our median employee. We did not use any statistical sampling techniques and did not make any cost of living adjustments in identifying our median employee.
3. For the annual total compensation of our median employee, we identified and calculated the elements of that employee’s compensation for 2018 in accordance with the requirements of Item 402(c)(2).

Based on this analysis, for 2018, total compensation of our CEO was \$4,740,339, as reported in the Summary Compensation Table above, and the total compensation of our median employee was \$142,837. This results in a ratio of annual total CEO compensation to annual total median employee compensation of approximately 33 to 1. Our reported CEO pay ratio is an estimate calculated in a manner consistent with SEC rules for identifying the median employee and determining the ratio of his or her compensation to that of our CEO. These rules permit companies to employ a wide range of methodologies, estimates and assumptions. CEO pay ratios reported by other companies, which may have used other permitted methodologies or assumptions, and which may have a significantly different work force structure from ours, are not necessarily comparable to our CEO pay ratio. Also, as noted

above, the dollar amount of stock option awards included in the total compensation for our CEO and our median employee represent the grant date fair value of stock option awards as computed in accordance with FASB ASC Topic 718, using assumptions set forth in Note 12 to our consolidated financial statements included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2018. Realization of this compensation is dependent upon the price of our common stock at the time the stock options are exercised.

TRANSACTIONS WITH RELATED PERSONS

The following is a summary of transactions since January 1, 2018 to which we have been a party in which the amount involved exceeded \$120,000 and in which any of our executive officers, directors or beneficial holders of more than five percent of our common stock had or will have a direct or indirect material interest, other than compensation arrangements which are described elsewhere in this proxy statement. We believe that the terms of such transactions are as favorable as those we could have obtained from parties not related to us.

Technology Transfer Agreements

We are party to technology transfer agreements with Gregory A. Demopoulos, M.D. pursuant to which he irrevocably transferred to us all of his intellectual property rights in our early PharmacoSurgery® platform and our former Chondroprotective program, for which we have suspended activity. Other than his rights as a shareholder, Dr. Demopoulos has not retained any rights to our PharmacoSurgery platform or Chondroprotective program, except that if we file for liquidation under Chapter 7 of the U.S. Bankruptcy Code or voluntarily liquidate or dissolve, other than in connection with a merger, reorganization, consolidation or sale of assets, Dr. Demopoulos and another individual have the right to repurchase the PharmacoSurgery and Chondroprotective intellectual property at their respective then-current fair market values.

Insurance Policies

In 2018 we purchased group insurance policies (*i.e.*, medical, dental, vision, disability and life) for our employees through Group Solutions Northwest, LLC, or Group Solutions, for which we paid policy premiums of approximately \$2.6 million in 2018. Group Solutions received commissions from the sale of these policies of approximately \$100,000, or less than 10% of its 2018 revenues. The owner and chief executive officer of Group Solutions is Gary Aspiri, the son of Ray Aspiri, one of our directors. The audit committee evaluated this transaction and ratified and approved its terms, concluding that the premiums we paid, and commissions received by Group Solutions, were consistent with terms we could expect to obtain for comparable insurance coverage from an unrelated third party. The board of directors considered this transaction when evaluating Ray Aspiri's independence under Nasdaq listing standards and applicable SEC rules and concluded that the transaction did not affect his status as an independent director or his ability to serve on the audit committee and compensation committee. Ray Aspiri did not participate in the proceedings of the audit committee or board of directors related to this transaction.

Indemnification Agreements

We have entered and expect to continue to enter into agreements to indemnify our directors, executive officers and other employees as determined by the board of directors. With certain exceptions, these agreements provide for indemnification for expenses including, among other things, attorneys' fees, judgments, fines and settlement amounts incurred by any of these individuals in any action or proceeding relating to their service to Omeros.

Policies and Procedures for Related-Party Transactions

We have adopted a written policy that prohibits our executive officers, directors and director nominees and principal shareholders, including their immediate family members, from entering into a related-party transaction with us without the approval of our audit committee. Any request for us to enter into a transaction with an executive officer, director or director nominee, principal shareholder, or any of such persons' immediate family members, in which such party had, has or will have a direct or indirect material interest and where the amount involved exceeds \$120,000, other than certain excluded transactions including those involving compensation for services provided to us as an executive officer or director, must be presented to our audit committee for review, consideration and approval. All of our directors and executive officers are required to report to our audit committee any such related-party transaction. In considering the proposed related-party transaction, our audit committee will consider the relevant facts and circumstances available and deemed relevant to the audit committee, including, whether the transaction is fair to us, whether there are business reasons to enter into the transaction and whether the terms of the transaction would be similar if the transaction did not involve a related party, whether the transaction would impair the independence of a non-employee director, the materiality of the transaction and whether the transaction would present an improper conflict of interest between us and the related party.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth certain information with respect to the beneficial ownership of our common stock at April 12, 2019, for: each person who we know beneficially owns more than five percent of our common stock; each of our directors; each of our named executive officers; and all of our directors and executive officers as a group.

We have determined beneficial ownership in accordance with the rules of the SEC. Except as indicated by the footnotes below, we believe, based on the information furnished to us, that the persons and entities named in the table below have sole voting and investment power with respect to all shares of common stock that they beneficially own, subject to applicable community property laws. Applicable percentage ownership is based on 49,037,987 shares of common stock outstanding at April 12, 2019. In computing the number of shares of common stock beneficially owned by a person and the percentage ownership of that person, we deemed to be outstanding all shares of common stock subject to options held by that person that are currently exercisable or exercisable within 60 days of April 12, 2019. We did not deem these shares outstanding, however, for the purpose of computing the percentage ownership of any other person.

Unless otherwise indicated, the address of each person who owns more than five percent of our common stock listed in the table below is c/o Omeros Corporation, The Omeros Building, 201 Elliott Avenue West, Seattle, Washington 98119.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our officers and directors and persons who own more than 10% of a registered class of our equity securities to file reports of ownership on Form 3 and changes in ownership on Form 4 or Form 5 with the SEC. Such officers, directors and 10% shareholders are also required to furnish us with copies of all Section 16(a) forms they file. Based solely on our review of the copies of such forms, we believe that during the 2018 fiscal year all Section 16(a) filing requirements applicable to our officers, directors and 10% shareholders were satisfied, except that a Form 4 reporting stock options awarded to Gregory A. Demopulos on April 8, 2018 was filed one day late, on April 11, 2018.

PROPOSAL 2 – AMENDMENT AND RESTATEMENT OF THE OMEROS CORPORATION 2017 OMNIBUS INCENTIVE COMPENSATION PLAN

Overview

We believe that equity-based compensation is fundamental to our attracting, retaining and motivating highly qualified and dedicated employees who have the skills and experience required to achieve our business goals, provides a strong link to our long-term performance, creates an ownership culture and generally aligns the interests of our executives and other employees with our shareholders.

On April 19, 2019, our board of directors approved the amendment and restatement of the 2017 Plan. We refer to such amended and restated plan as the Amended Plan. The Amended Plan will become effective when and if approved by our shareholders. The Amended Plan, marked to reflect changes to the 2017 Plan, is attached as Appendix A to this proxy statement. This summary does not purport to be a complete description of all terms of the Amended Plan and is qualified in its entirety by reference to the text of the Amended Plan.

Under the Amended Plan, the aggregate number of shares authorized for issuance is increased by 5,000,000 shares to a total of 8,600,000 shares. In addition to this increase in the total number of shares, shares underlying any awards that were outstanding under the 2008 Plan on the effective date of the 2017 Plan that are terminated, surrendered or canceled without having been fully exercised or that are forfeited in whole or in part after the effective date of the 2017 Plan will be available for issuance under the Amended Plan.

In addition to the increase in authorized number of shares, the Amended Plan places additional limits on the “recycling” of shares authorized for issuance under the Amended Plan by providing (i) that shares delivered to us (by actual delivery, attestation, or net exercise) in connection with the exercise of an award or to satisfy tax withholding obligations (including shares retained from an award creating the tax obligation) shall not be added back to the number of shares available for issuance under the Amended Plan and (ii) that any shares repurchased by us on the open market using the proceeds from the exercise of an award shall not increase the number of shares available for issuance under the Amended Plan. The Amended Plan also clarifies that the company may not repurchase outstanding options or stock appreciation rights without obtaining shareholder approval and provides that any cash dividends accrued on outstanding shares of restricted stock issued under the 2017 Plan shall not be paid unless and until such shares of restricted stock have become vested. The Amended Plan also contains certain other administrative changes, including the removal of provisions that no longer apply due to the elimination, as part of the Tax Act Cuts and Jobs Act of 2017, of the exception for performance-based compensation from the deductibility limitation in Section 162(m) under the Internal Revenue Code.

Why We are Asking our Shareholders to Approve the Amendment and Restatement of the 2017 Plan

In connection with its recommendation that shareholders approve the 2017 Plan at our 2017 Annual Meeting of Shareholders our board of directors noted that the 3,600,000 shares of common stock authorized for issuance thereunder would be sufficient to meet our objectives for providing equity incentive compensation for approximately two years and that we expected to seek approval of an increase in the number of shares reserved at our 2019 Annual Meeting. Consistent with that expectation, the board of directors has approved and recommended that the shareholders approve the Amended Plan to ensure our ability to grant stock options and other equity awards as inducements to attract, retain and motivate our officers, employees, non-employee directors and other key persons. The other modifications contained in the Amended Plan reflect our commitment to ensuring that our compensation plans and programs reflect best practices for executive compensation and stewardship of corporate resources.

We have grown our headcount of employees significantly since 2017, from 148 as of March 31, 2017 to 235 as of March 31, 2019 and we expect to continue to grow our company significantly over the next several years. We have begun to build our commercial infrastructure and capabilities in anticipation of potential marketing approval of narsoplimab in the treatment of HSCT-TMA and, thereafter, in the treatment of IgA nephropathy. In addition, we continue to advance our other clinical and earlier-stage development programs. As we focus on building our company and enabling our expanded commercial infrastructure, we expect to continue to hire a significant number of employees in 2019 and beyond.

Our board of directors believes that our future success depends in large part on our ability to offer competitive compensation to attract, retain and motivate talented employees with skills and experience that are highly sought after. Our board of directors believes that approval of the Amended Plan, including the authorization of the additional shares for issuance thereunder, is appropriate and in the best interests of our shareholders given our current expectations on hiring and the highly competitive environment in which we recruit and retain employees.

If the Amended Plan is not approved by our shareholders, we anticipate that we will exhaust all the shares available for issuance under the 2017 Plan by late 2019, and potentially sooner depending on the pace of our hiring and the relative seniority of new employees. The inability to make competitive equity awards to attract and retain talented employees in a highly competitive market would adversely affect our business. As of April 12, 2019, there were stock options to acquire 11,826,231 shares of common stock outstanding under our equity compensation plans. These stock options have a weighted-average exercise price of \$11.51 and a weighted-average remaining contractual term of 6.60 years. Other than the foregoing, no other equity awards were outstanding as of April 12, 2019. If shareholders approve the Amended Plan, these prior awards will remain outstanding and continue to be subject to the award agreements under which they were issued in all respects. At April 12, 2019, the number of remaining securities available for future issuance under our equity compensation plans consists of 551,564 shares of common stock available for future issuance under our 2017 Plan, which includes 427,463 shares that were subject to awards outstanding under the 2008 Plan that were terminated, surrendered or canceled after the effective date of 2017 Plan. This amount does not reflect the additional 5,000,000 shares authorized under the Amended Plan if it is approved by our shareholders.

Important Aspects of the Amended Plan

The Amended Plan includes a number of important features, including the following:

- **Plan capacity.** The maximum number of shares of common stock available for awards under the Amended Plan is 8,600,000 shares, plus any shares underlying any awards that were outstanding under the 2008 Plan on the effective date of the 2017 Plan that are terminated, surrendered or canceled without having been fully exercised or are forfeited in whole or in part after the effective date of the 2017 Plan. The issuance of additional awards under the Amended Plan would require further shareholder approval.
- **Fungible plan design.** The Amended Plan provides that grants of “full-value” awards, such as restricted stock and restricted stock units, are deemed for purposes of determining the number of shares available for future grants under the Amended Plan as an award for 1.5 shares for each share of common stock subject to the award. Grants of stock options or stock appreciation rights are deemed to be an award of one share for each share of common stock subject to the award. This plan structure provides the company with flexibility to determine the equity awards that are best suited for its needs while at the same time recognizing that certain types of awards may be more valuable than others. We believe the size of the share reserve request will be sufficient to meet our objectives for providing equity incentive compensation until the 2022 annual meeting of shareholders, at which time we expect to seek approval of an increase in the number of reserved shares under the Amended Plan.

- **Repricing prohibited without shareholder approval.** The Amended Plan prohibits the repricing of outstanding stock options and stock appreciation rights, whether by amending an existing award or by substituting a new award at a lower price, or by any other action that would be treated as a repricing for accounting purposes, unless we obtain shareholder approval. The Amended Plan also clarifies that the company may not repurchase for cash outstanding stock options or stock appreciation rights.
- **Limitations on share recycling.** Shares tendered or held back for taxes will not be added back to the reserved pool under the Amended Plan. Upon the exercise of a stock option, the full number of shares underlying the award will be charged to the reserved pool. Additionally, shares we reacquire on the open market or otherwise using cash proceeds of option exercises will not be added to the reserved pool.
- **No dividend payment for unvested awards.** We have never paid dividends on our common stock and do not anticipate paying dividends in the foreseeable future. However, to the extent we do pay dividends in the future, dividends or dividend equivalents (even if accrued) will not be paid on equity awards granted under the Amended Plan unless and until such award has vested.

Summary of the Amended Plan

The following is a description of the principal terms of the Amended Plan. The summary is qualified in its entirety by the full text of the Amended Plan.

Plan Administration

The Amended Plan is administered by the board of directors, the compensation committee or by a similar committee performing the functions of the compensation committee. We refer to this administering body as the plan administrator. The plan administrator has full power to select, from among the individuals eligible for awards, the individuals to whom awards will be granted, to make any combination of awards to participants and to determine the specific terms and conditions of each award, subject to the provisions of the Amended Plan. The plan administrator may delegate the administrative responsibilities of the Amended Plan and the board of directors may also delegate to the company's chief executive officer a portion of its authority to grant awards, subject to certain limitations.

Eligibility and Limitations on Grants

Persons eligible to participate in the Amended Plan will be directors, officers, employees, consultants, advisors and other service providers of the company and its subsidiaries, as selected from time to time by the plan administrator. As of April 12, 2019, approximately 241 employees and non-employee directors (consisting of approximately 234 employees, including our three executive officers, and seven non-employee directors) would be eligible to participate in the Amended Plan.

The maximum aggregate number of shares of common stock that may be granted under the Amended Plan is 8,600,000 shares, plus any shares underlying any awards that were outstanding under the 2008 Plan on the effective date of the 2017 Plan that are terminated, surrendered or canceled without having been fully exercised or are forfeited in whole or in part after the effective date of the 2017 Plan. All of such shares may be delivered pursuant to incentive stock options, or ISOs, granted under the Amended Plan. For purposes of calculating the maximum number of shares that may be issued pursuant to all awards under the Amended Plan, every one share issuable pursuant to the exercise of a stock option or stock appreciation right shall count as one share, and every one share underlying restricted stock, restricted stock units, or other stock-based awards shall count as 1.5 shares.

Stock Options

Stock options may be granted under the Amended Plan pursuant to option agreements. The Amended Plan permits the grant of stock options that are intended to qualify as ISOs and options that are not intended to qualify as ISOs, which are commonly referred to as "nonstatutory" or "non-qualified" stock options. Generally, ISOs may be granted only to employees of the company and its subsidiaries. The differing tax treatment of ISOs and non-qualified stock options is discussed below under "Material U.S. Federal Income Tax Consequences of Participation in the Amended Plan."

The exercise price of a non-qualified stock option may not be less than 100% of the fair market value of the common stock subject to the stock option on the date of grant. The exercise price of an ISO may not be less than 100% of the fair market value of the common stock subject to the stock option on the date of grant and, in some cases, may not be less than 110% of such fair market value. The Amended Plan prohibits the repricing of outstanding stock options and the exchange of cash or other securities for out-of-the money awards unless approved by our shareholders or in connection with a substitution of the option in connection with a

corporate transaction under limited circumstances. Under the Amended Plan, a transaction subject to these restrictions would include (i) amending an option award to decrease the exercise price, (ii) cancelling an outstanding option in conjunction with the grant of a new option with a lower exercise price, (iii) repurchasing options for cash or (iv) any other action that would be treated for accounting purposes as a repricing of the option. The term of stock options granted under the Amended Plan may not exceed 10 years and, in some cases, may not exceed five years.

Acceptable forms of consideration for the purchase of our common stock pursuant to the exercise of a stock option under the Amended Plan will be determined by the plan administrator and may include payment by cash, certified or bank check, promissory note or consideration under a broker-assisted (or other) cashless exercise program. The plan administrator may also accept payment in the form of unrestricted common stock already owned by the optionee of the same class of common stock subject to the stock option; provided, however, that in the case of an incentive stock option, the right to make payment in the form of already owned shares of common stock of the same class as the common stock subject to the incentive stock option may be authorized only at the time the incentive stock option is granted.

After termination of an employee, director or consultant, he or she may exercise his or her option award for the period of time stated in the option agreement and plan. Unless otherwise specified in an option agreement or otherwise, if termination is due to death or disability, the option will remain exercisable for twelve months and, in all other cases, the option will remain exercisable for three months. However, an option may not be exercised later than the expiration of its term.

Stock Appreciation Rights

Stock appreciation rights may be granted under the Amended Plan pursuant to stock appreciation right agreements. Each stock appreciation right is denominated in common stock equivalents. The strike price of each stock appreciation right will be determined by the plan administrator but will in no event be less than 100% of the fair market value of the common stock subject to the stock appreciation right on the date of grant. The Amended Plan prohibits the repricing of stock appreciation rights or the exchange of cash or other securities for out-of-the-money awards unless approved by our shareholders or in connection with a substitution of the stock appreciation right in connection with a corporate transaction under limited circumstances. Under the Amended Plan, a transaction subject to these restrictions would include (i) amending a stock appreciation right to decrease the exercise price, (ii) cancelling an outstanding stock appreciation right in conjunction with the grant of a new stock appreciation right with a lower exercise price, (iii) repurchasing stock appreciation rights for cash (other than pursuant to the terms established at the initial time of issuance), or (iv) any other action that would be treated for accounting purposes as a repricing of the stock appreciation right. The plan administrator may also impose restrictions or conditions upon the vesting of stock appreciation rights that it deems appropriate. The appreciation distribution payable upon exercise of a stock appreciation right may be paid in shares of our common stock, in cash or in a combination of cash and stock at the election of the plan administrator. Stock appreciation rights expire under the same rules that apply to stock options.

Restricted Stock Awards

Restricted stock may be granted under our Amended Plan. Restricted stock awards are shares of our common stock that vest in accordance with terms and conditions established by the plan administrator. The plan administrator will determine the number of shares of restricted stock granted to any employee. The plan administrator may impose whatever conditions to vesting it determines to be appropriate. For example, the plan administrator may set restrictions based on the achievement of specific performance goals. Shares of restricted stock that do not vest will revert to the company.

Restricted Stock Units

Restricted stock units may be granted under our Amended Plan. Restricted stock units are awards of restricted stock, performance shares or performance units that are paid out in installments or on a deferred basis. The plan administrator determines the terms and conditions of restricted stock units including the vesting criteria and the form and timing of payment.

Performance Units and Shares

Performance units and performance shares may be granted under our Amended Plan. Performance units and performance shares are awards that will result in a payment to a participant only if performance goals established by the plan administrator are achieved or the awards otherwise vest. The plan administrator will establish organizational or individual performance goals in its discretion, which, depending on the extent to which they are met, will determine the number and/or the value of performance units and performance shares to be paid out to participants. Performance units shall have an initial dollar value established by the plan administrator prior to the grant date. Performance shares will have an initial value equal to the fair market value of our common stock on the grant date. Payment for performance units and performance shares may be made in cash or in shares of our common stock with equivalent value, or in some combination, as determined by the plan administrator.

Other Awards

The plan administrator is permitted to grant other awards of cash or our common stock or awards that are valued in whole or in part by reference to, or are otherwise based upon, common stock, including, without limitation, dividend equivalents.

Transferability of Awards

Unless the administrator provides otherwise, the Amended Plan generally does not allow for the transfer of awards during a participant's lifetime and only the recipient of an award may exercise an award during his or her lifetime.

Change in Control Provisions

Under the Amended Plan, in the case of a merger or change in control (as defined in the Amended Plan), unless provided otherwise provided by the plan administrator, if awards are not assumed or substituted for awards issued by the successor that are comparable or are not replaced with a comparable cash incentive program of the successor:

- all outstanding stock options and stock appreciation rights will immediately become fully vested and exercisable;
- all restrictions on restricted stock and restricted stock units will lapse; and
- all outstanding performance awards will be considered earned and payable in full at the target performance goal level.

In addition, in the event that the employment of a participant is terminated without cause (as defined in the Amended Plan), or there is a constructive termination (as defined in the Amended Plan), in connection with, or within twelve months following, a change in control, all outstanding stock options and stock appreciation rights of such person will immediately become fully vested and exercisable, all restrictions on restricted stock and restricted stock units will lapse, all performance goals or other vesting requirements for performance shares and units will be deemed achieved, and all other terms and conditions will be deemed to have been met.

In the event the service of a non-employee director is terminated on or following a merger or change in control, other than pursuant to a voluntary resignation, his or her options and stock appreciation rights will fully vest and become immediately exercisable, all restrictions on restricted stock and restricted stock units will lapse, all performance goals or other vesting requirements for performance shares and units will be deemed achieved, and all other terms and conditions will be deemed to have been met.

Tax Withholding

Participants in the Amended Plan are responsible for the payment of any federal, state, local or foreign taxes that we are required by law to withhold upon any option exercise or vesting of other awards. Unless otherwise determined, withholding obligations may be settled with common stock, including common stock that is part of the award that gives rise to the withholding requirement.

Limitation on Deductions

Under Section 162(m) of the Code, our deduction for certain awards under the Amended Plan may be limited to the extent that any “covered employee” (generally, the principal executive officer, principal financial officer or other executive officer whose compensation is required to be reported in the Summary Compensation Table for any year following 2016) receives compensation in excess of \$1.0 million a year.

Amendments and Termination

The board of directors may amend, alter, suspend or terminate the Amended Plan, but no amendment, alteration, suspension or termination will be made that would impair the rights of a recipient under an award without such recipient’s consent. We will obtain shareholder approval for any amendment to the Amended Plan to the extent required by applicable law and listing requirements.

Material U.S. Federal Income Tax Consequences of Participation in the Amended Plan

The following is a brief summary of the material U.S. Federal income tax consequences associated with awards under the Amended Plan, based on current U.S. Federal income tax laws and Treasury regulations promulgated thereunder, all as in effect or existence as of the date of this proxy statement. We have not sought, nor do we intend to seek, any ruling from the U.S. Internal Revenue Service with respect to the statements made in this section. This summary is not intended to be exhaustive, does not constitute tax advice and, among other things, does not describe state, local or foreign tax consequences. Moreover, the tax effects of participation in the Amended Plan may vary depending on the facts and circumstances pertaining to each participant. Each participant who receives an award under the Amended Plan should consult his or her own tax advisor with respect to his or her individual tax position and the effect of any legislative revisions on such position.

Unrestricted Stock. Generally, a participant receiving an award of unrestricted stock will recognize taxable income at the time unrestricted stock is granted. The taxable income will equal the excess of the fair market value of the unrestricted stock on the grant date over any amount the participant pays for the unrestricted stock. We generally will be entitled to an income tax deduction equal to the amount of ordinary income a participant recognizes in connection with an award of unrestricted stock.

Restricted Stock. The grant of restricted stock generally does not result in taxable income to a participant or a tax deduction for us. At the time the restrictions expire, however, a participant will realize ordinary taxable income in an amount equal to the fair market value of the stock on the date the restrictions expire. However, a participant may instead elect to include the value of the stock in income at the time of grant by making a “section 83(b) election.” If the participant later forfeits the restricted stock, the participant will not be able to deduct the amount previously recognized as income (although he or she might be able to claim a capital loss equal to any amount actually paid for the shares). We generally will be entitled to an income tax deduction equal to the amount of ordinary income a participant recognizes in connection with an award of restricted stock. The deduction generally will be allowed for the taxable year in which the participant recognizes such ordinary income. In addition, after the restriction period, a participant will be taxed on the accumulated dividends paid with respect to restricted stock as compensation, and we will be entitled to a corresponding deduction in the year the dividends were paid. However, if a participant makes a section 83(b) election to be taxed on the value of a restricted stock award granted when the award is granted, dividends paid with respect to the award will be taxed as dividends and will not be deductible by us.

Incentive Stock Options. ISOs are intended to meet the requirements of Section 422 of the Code. Generally, the grant of an ISO does not result in taxable income to the participant or a tax deduction for us. The exercise of an ISO will not result in ordinary taxable income to the participant (although the difference between the exercise price and the fair market value of the common stock subject to the ISO may result in alternative minimum tax liability to the participant) and we will not be allowed a deduction at any time in connection with such award, if the following conditions are met:

- at all times during the period beginning with the date of the grant and ending on the day three months before the date of exercise, the participant is an employee of our company or an affiliate; and
- the participant makes no disposition of stock within two years from the date of grant or within one year after the stock is transferred to the participant.

The three-month period is extended to one year in the event of disability and is waived in the event of death of the participant. If the stock is sold by the participant after meeting these conditions, any gain realized over the exercise price ordinarily will be treated as long-term capital gain, and any loss will be treated as long-term capital loss, in the year of the sale.

If the participant fails to comply with the employment or holding period requirements discussed above, the participant will recognize ordinary taxable income in an amount equal to the lesser of:

- the excess of the fair market value of the common stock subject to the ISO on the date of exercise over the exercise price; or
- if the employment period (but not the holding period) described above is satisfied and if the disposition occurs in an arm's length sale or exchange with an unrelated party, the excess of the amount realized upon such disposition over the exercise price.

If the participant realizes ordinary taxable income on account of such a disqualifying disposition (described above), a corresponding deduction will be allowed to us for the same year.

If a participant pays the exercise price for an ISO with common stock already owned and the participant receives back a larger number of shares, a number of shares of common stock equal to the number of shares used to pay the exercise price will have a tax basis equal to that of the stock originally used to pay the exercise price. The additional newly acquired shares of common stock will have a tax basis of zero. The ISO holding period for the newly acquired common stock will begin on the exercise date. The tax on disposition will be as described above. If the participant uses shares obtained on exercise of an ISO before the end of the incentive stock option holding period for those shares, the participant will be taxed on those shares as though he or she had sold those shares at that time.

Nonqualified Stock Options. Non-qualified options are options that are not intended to meet the requirements of Section 422 of the Code. Generally, the grant of a nonqualified stock option does not result in taxable income to the participant or a tax deduction for us. Upon exercise of a nonqualified stock option, the participant will generally realize compensation taxable as ordinary income in an amount equal to the difference between the exercise price and the fair market value of the common stock subject to the stock option on the date of exercise, and we will be entitled to a corresponding deduction for the same year. The participant's basis in such shares will be the fair market value on the date income is realized, and when the participant disposes of the shares he or she will recognize capital gain or loss, either long-term or short-term, depending on the holding period of the shares.

If a participant who exercises a nonqualified stock option pays the exercise price by tendering common stock and receives a larger number of shares back, the participant will realize taxable income in an amount equal to the fair market value of the additional common stock received on the date of exercise, less any cash paid in addition to the shares tendered. Upon a subsequent sale of the common stock, the number of shares equal to the number delivered as payment of the exercise price will have a tax-basis equal to that of the shares originally tendered. The additional newly acquired common stock obtained upon exercise of the nonqualified stock option will have a tax basis equal to the fair market value of such common stock on the date of exercise.

Stock Appreciation Rights. Generally, the grant of a stock appreciation right does not result in taxable income to the participant or a tax deduction for us. Upon exercise of a stock appreciation right, the participant will generally realize ordinary taxable income in an amount equal to the excess of the fair market value of the common stock on the date the stock appreciation right is exercised over the exercise price of the stock appreciation right, and we will be entitled to a corresponding deduction for the same year.

Performance Shares and Performance Units. The grant of a performance share or performance unit does not result in taxable income to the participant or a tax deduction for us. Upon the expiration of the applicable performance period and receipt of the common stock distributed in payment of the award or an equivalent amount of cash, the participant will realize ordinary taxable income equal to the full fair market value of the common stock delivered or the amount of cash paid. At that time, we generally will be allowed a corresponding tax deduction for the same year equal to the compensation taxable to the participant.

Dividend Equivalents and Dividends on Restricted Stock. Dividend equivalents generally are taxed as compensation when they are paid to the participant, and we receive a corresponding deduction for the same year.

Restricted Stock Units. A recipient of a restricted stock unit award realizes ordinary income when the award is settled in shares or cash. The ordinary income realized on the payment date equals the full fair market value of the common stock or other property delivered or the amount of cash paid. At that time, we generally will be allowed a corresponding tax deduction for the same year equal to the compensation taxable to the participant.

Other Cash Incentive Awards. A recipient of a cash incentive award realizes ordinary income when the award is paid in cash. The ordinary income realized equals the amount of cash paid. At that time, we generally will be allowed a corresponding tax deduction for the same year equal to the compensation taxable to the participant.

Section 409A. Section 409A of the Code applies to amounts that are considered “non-qualified deferred compensation.” If a deferred compensation arrangement, including certain awards that may be issued under the Amended Plan, does not meet the requirements of Section 409A of the Code, the timing of taxation for these amounts could be accelerated (meaning these amounts could become immediately taxable). Also, an additional 20% income tax, as well as penalties and interest, could be imposed upon the applicable participants in the Amended Plan. Although the plan administrator intends to administer the Amended Plan so that awards will be exempt from, or will comply with, the requirements of Section 409A of the Code, we do not warrant that any award under the Amended Plan will qualify for favorable tax treatment under Section 409A of the Code or any other provision of federal, state, local or foreign law.

Parachute Payments. In the event any payments or rights accruing to a participant upon a change in control (as described under “Change in Control Provisions” above), including any payments or vesting under the Amended Plan triggered by a change in control, constitute “parachute payments” under Section 280G of the Code, depending on the amount of such payments and the other income of the participant, the participant may be subject to an excise tax (in addition to ordinary income tax), and we may be disallowed a deduction for the amount of the actual payment.

New Plan Benefits

The plan administrator has not made any determinations with respect to awards to be made under the Amended Plan to any individual named executive officer, the named executive officers as a group, non-employee directors as a group or non-executive officer employees as a group, although we do not expect our annual grant practices to change significantly if shareholders approve the Amended Plan. As described under “*Non-Employee Director Compensation*” above, under our non-employee director compensation policy, each non-employee director nominee who has served as a director for at least six months and who will continue to serve as a member of the board of directors following the 2019 Annual Meeting will be granted a stock option to purchase 7,500 shares of common stock on the date of the 2019 Annual Meeting. These options will be granted under the Amended Plan, if approved. The following table discloses the expected aggregate amount to be granted to our non-employee directors on the date of the 2019 Annual Meeting, which are the only awards to be made under the Amended Plan that are determinable at this time:

Any stock option awards granted under the 2008 Plan that were outstanding as of the effective date of the 2017 Plan remain in effect pursuant to their terms and, if the award is canceled or is repurchased, the shares underlying such award become available for grant under the 2017 Plan.

Recommendation of the Board of Directors

THE BOARD OF DIRECTORS RECOMMENDS THAT THE SHAREHOLDERS VOTE FOR APPROVAL OF THE AMENDMENT AND RESTATEMENT OF THE OMEROS CORPORATION 2017 OMNIBUS INCENTIVE COMPENSATION PLAN.

PROPOSAL 3 — RATIFICATION OF THE APPOINTMENT OF OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The audit committee of our board of directors has appointed Ernst & Young LLP as our independent registered public accounting firm for the current year and the board of directors is asking our shareholders to ratify that appointment. Although current laws, rules and regulations, as well as the charter of the audit committee, require our independent registered public accounting firm to be engaged, retained and supervised by the audit committee, the board considers the selection of the independent registered public accounting firm to be an important matter of shareholder concern and is submitting the selection of Ernst & Young for ratification by shareholders as a matter of good corporate practice. If the shareholders do not ratify the selection of Ernst & Young as our independent registered public accounting firm, the audit committee will consider this vote in determining whether or not to continue the engagement of Ernst & Young. If the shareholders do ratify the selection of Ernst & Young as our independent registered public accounting firm, the audit committee may nonetheless select a different auditing firm at any time during the year if it determines that such a change would be in our best interests. Representatives of Ernst & Young are expected to be present at the 2019 Annual Meeting, will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

THE BOARD OF DIRECTORS RECOMMENDS THAT SHAREHOLDERS VOTE FOR THE RATIFICATION OF THE APPOINTMENT OF ERNST & YOUNG LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Audit Committee Report

The audit committee's primary function is to assist the board of directors in monitoring and overseeing the integrity of the company's financial statements, systems of internal control and the audit process. Management has the primary responsibility for the financial statements and the reporting process, including the systems of internal controls and disclosure controls. The company's independent auditor, Ernst & Young, is responsible for auditing those financial statements and expressing its opinion as to whether the financial statements present fairly, in all material respects, the financial position, results of operations and cash flows of the company in conformity with generally accepted accounting principles, or GAAP. In this context, the audit committee has met and held discussions with management and the independent auditor. Management represented to the audit committee that the company's consolidated financial statements as of and for the fiscal year ended December 31, 2018 were prepared in accordance with GAAP, and the audit committee has reviewed and discussed the consolidated financial statements with management and the independent auditor.

The audit committee has discussed with the independent auditor matters required to be discussed with the audit committee under Public Company Accounting Oversight Board, or PCAOB, Auditing Standard No. 1301, Communications with Audit Committees. In addition, the audit committee has received the written disclosures and the letter from the independent auditor required by PCAOB Rule 3526, Communication with Audit Committees Regarding Independence, and has discussed with the independent auditor its independence from the company and its management.

The audit committee has also discussed with the company's internal and independent auditors the overall scope and plans for their respective audits, including internal control testing under Section 404 of the Sarbanes-Oxley Act of 2002. The audit committee periodically meets with the internal and independent auditors, with and without management present, and in private sessions with members of senior management (such as the chief executive officer and the principal financial officer) to discuss the results of their examinations, their evaluations of the company's internal controls and risks related thereto, including cybersecurity risks, and the overall quality of the company's financial reporting. The audit committee also periodically meets in executive session.

In reliance on the reviews and discussions referred to above, the audit committee recommended to the board of directors, and the board of directors has approved, the inclusion of the audited financial statements in the company's Annual Report on Form 10-K for the year ended December 31, 2018, for filing with the SEC.

Shares with respect to which Incentive Stock Options are exercisable for the first time by the Participant during any calendar year (under all plans of the Company and any Parent or Subsidiary) exceeds one hundred thousand dollars (\$100,000), such portion of such Options will be treated as Nonstatutory Stock Options. For purposes of this Section 6(a), Incentive Stock Options will be taken into account in the order in which they were granted. The Fair Market Value of the Shares will be determined as of the time the Option with respect to such Shares is granted.

(b) Term of Option. The term of each Option will be stated in the Award Agreement. In the case of an Incentive Stock Option, the term will be ten (10) years from the date of grant or such shorter term as may be provided in the Award Agreement. a) granted to an Employee who, at the time the Incentive Stock Option is granted, owns stock representing more than ten percent (10%) of the voting power of all classes of stock of the Company or any Parent or Subsidiary, the per Share exercise price will be no less than one hundred ten percent (110%) of the Fair Market Value per Share on the date of grant.

b) granted to any Employee other than an Employee described in paragraph (a) immediately above, the per Share exercise price will be no less than one hundred percent (100%) of the Fair Market Value per Share on the date of grant.

(2) In the case of a Nonstatutory Stock Option, the per Share exercise price will be no less than one hundred percent (100%) of the Fair Market Value per Share on the date of grant.

(3) Notwithstanding the foregoing, Options may be granted with a per Share exercise price of less than one hundred percent (100%) of the Fair Market Value per Share on the date of grant pursuant to a transaction described in, and in a manner consistent with, Section 424(a) of the Code.

(4) Except for adjustments pursuant to Section 15(a) of this Plan, in no event may any Option granted under this Plan be **(A)** amended to decrease the exercise price thereof, **(B)** cancelled in conjunction with the grant of a new Option with a lower exercise price, **(C) repurchased for cash**, or **(D)** otherwise be subject to any action that would be treated, for accounting purposes, as a “repricing” of such Options, unless such amendment, cancellation or action is (a) approved by a vote of the Company’s shareholders, or (b) in connection with a substitution of the Option in connection with a corporate transaction, to the extent consistent with Section 409A or Section 422 of the Code, as applicable.

(ii) Waiting Period and Exercise Dates. At the time an Option is granted, the Administrator will fix the period within which the Option may be exercised and will determine any conditions that must be satisfied before the Option may be exercised.

(iii) Form of Consideration. The Administrator will determine the acceptable form of consideration for exercising an Option, including the method of payment. In the case of an Incentive Stock Option, the Administrator will determine the acceptable form of consideration at the time of grant. Such consideration may consist entirely of: (1) cash; (2) check; (3) promissory note; (4) other Shares, provided that such Shares have a Fair Market Value on the date of surrender equal to the aggregate exercise price of the Shares as to which such Option will be exercised and provided that accepting such Shares, in the sole discretion of the Administrator, will not result in any adverse accounting consequences to the Company; (5) consideration received by the Company under a broker-assisted (or other) cashless exercise program implemented by the Company in connection with the Plan; (6) any combination of the foregoing methods of payment; or (7) such other consideration and method of payment for the issuance of Shares to the extent permitted by Applicable Laws.

(d) Exercise of Option.

(i) Procedure for Exercise; Rights as a Shareholder. Any Option granted hereunder will be exercisable according to the terms of the Plan and at such times and under such conditions as determined by the Administrator and set forth in the Award Agreement. An Option may not be exercised for a fraction of a Share.

An Option will be deemed exercised when the Company receives: (1) notice of exercise (in such form as the Administrator may specify from time to time) from the person entitled to exercise the Option; and (2) full payment for the Shares with respect to which the Option is exercised (together with applicable withholding taxes). Full payment may consist of any consideration and method of payment authorized by the Administrator and permitted by the Award Agreement and the Plan. Shares issued upon exercise of an Option will be issued or transferred into the name of the Participant or, if requested by the Participant, in the name of the Participant and his or her spouse. Until the Shares are issued (as evidenced by the appropriate entry on the books of the Company or of a duly authorized transfer agent of the Company), no right to vote or receive dividends or any other rights as a shareholder will exist with respect to the Shares subject to an Option, notwithstanding the exercise of the Option. The Company will issue (or cause to be issued) such Shares promptly after the Option is exercised. No adjustment will be made for a dividend or other right for which the record date is prior to the date the Shares are issued, except as provided in Section 15 of the Plan.

(ii) Termination of Relationship as a Service Provider. If a Participant ceases to be a Service Provider, other than upon the Participant's termination as the result of the Participant's death or Disability, the Participant may exercise his or her Option within such period of time as is specified in the Award Agreement to the extent that the Option is vested on the date of termination (but in no event later than the expiration of the term of such Option as set forth in the Award Agreement). In the absence of a specified time in the Award Agreement, the Option will remain exercisable for three (3) months following the Participant's termination. Unless otherwise provided by the Administrator, if on the date of termination the Participant is not vested as to his or her entire Option, the Shares covered by the unvested portion of the Option will revert to the Plan. If after termination the Participant does not exercise his or her Option within the time specified by the Administrator, the Option will terminate, and the Shares covered by such Option will revert to the Plan.

(iii) Disability of Participant. If a Participant ceases to be a Service Provider as a result of the Participant's Disability, the Participant may exercise his or her Option within such period of time as is specified in the Award Agreement to the extent the Option is vested on the date of termination (but in no event later than the expiration of the term of such Option as set forth in the Award Agreement). In the absence of a specified time in the Award Agreement, the Option will remain exercisable for twelve (12) months following the Participant's termination. Unless otherwise provided by the Administrator, if on the date of termination the Participant is not vested as to his or her entire Option, the Shares covered by the unvested portion of the Option will revert to the Plan. If after termination the Participant does not exercise his or her Option within the time specified herein, the Option will terminate, and the Shares covered by such Option will revert to the Plan.

(iv) Death of Participant. If a Participant dies while a Service Provider, the Option may be exercised following the Participant's death within such period of time as is specified in the Award Agreement to the extent that the Option is vested on the date of death (but in no event may the option be exercised later than the expiration of the term of such Option as set forth in the Award Agreement), by the Participant's designated beneficiary, provided such beneficiary has been designated prior to Participant's death in a form acceptable to the Administrator. If no such beneficiary has been designated by the Participant, then such Option may be exercised by the personal representative of the Participant's estate or by the person(s) to whom the Option is transferred pursuant to the Participant's will or in accordance with the laws of descent and distribution. In the absence of a specified time in the Award Agreement, the Option will remain exercisable for twelve (12) months following Participant's death. Unless otherwise provided by the Administrator, if at the time of death Participant is not vested as to his or her entire Option, the Shares covered by the unvested portion of the Option will immediately revert to the Plan. If the Option is not so exercised within the time specified herein, the Option will terminate, and the Shares covered by such Option will revert to the Plan.

(v) Suspension or Termination of Options for Cause. The Administrator has the authority to cause all outstanding Options held by a Participant to terminate immediately in their entirety upon first notification to the Participant of (A) the termination of the Participant's relationship as a service provider by the Company for Cause, or (B) the Participant's material breach of a Proprietary Information and Inventions Agreement, Confidentiality Agreement, or other agreement concerning the Company's proprietary information and intellectual property rights (a "PIIA") between the Participant and the Company. If a Participant's service relationship with the Company is suspended pending an investigation of whether the Participant's service shall be terminated for Cause or if the Company is conducting an investigation to determine whether the Participant has materially breached a PIIA, the Administrator has the authority to cause all the Participant's rights under all outstanding Options to be suspended during the investigation period in which event the Participant shall have no right to exercise any outstanding Options during such period of suspension. - (e) Cancellation. On the date set forth in the Award Agreement, all unearned Restricted Stock Units will be forfeited to the Company.

9. Stock Appreciation Rights.

- (a) Grant of Stock Appreciation Rights. Subject to the terms and provisions of the Plan, the Administrator may, at any time, grant Stock Appreciation Rights to Service Providers.

- (b) Number of Shares. The Administrator will have complete discretion to determine the number of Shares subject to any Stock Appreciation Rights granted to any Service Provider.

- (c) Exercise Price and Other Terms. The per Share exercise price for the Shares to be issued pursuant to exercise of a Stock Appreciation Right will be determined by the Administrator and will be no less than one hundred percent (100%) of the Fair Market Value per Share on the date of grant. Subject to the provisions of the Plan, the Administrator will have complete discretion to determine the terms and conditions of the Stock Appreciation Rights granted under the Plan; **provided, however, that except for adjustments pursuant to Section 14(a) of this Plan, in no event may any Stock Appreciation Right granted under this Plan be (a) amended to decrease the exercise price thereof, (b) cancelled in conjunction with the grant of a new Stock Appreciation Right with a lower exercise price, (c) repurchased for cash, or (d) otherwise be subject to any action that would be treated, for accounting purposes, as a “repricing” of such Stock Appreciation Right, unless such amendment, cancellation or action is (i) approved by a vote of the Company’s shareholders, or (ii) in connection with a substitution of the Stock Appreciation Right in connection with a corporate transaction, to the extent consistent with Section 409A of the Code, as applicable.**

- (d) Stock Appreciation Right Agreement. Each Stock Appreciation Right grant will be evidenced by an Award Agreement that will specify the exercise price, the term of the Stock Appreciation Right, the conditions of exercise, and such other terms and conditions as the Administrator, in its sole discretion, will determine.

- (e) Expiration of Stock Appreciation Rights. A Stock Appreciation Right granted under the Plan will expire upon the date determined by the Administrator, in its sole discretion, and set forth in the Award Agreement. Notwithstanding the foregoing, the rules of Section 6(d) of the Plan also will apply to Stock Appreciation Rights.

- (f) Payment of Stock Appreciation Right Amount. Upon exercise of a Stock Appreciation Right, a Participant will be entitled to receive payment from the Company in an amount determined by multiplying:

- (i) The difference between the Fair Market Value of a Share on the date of exercise over the exercise price; and
- (ii) The number of Shares with respect to which the Stock Appreciation Right is exercised.

At the discretion of the Administrator, the payment upon Stock Appreciation Right exercise may be in cash, in Shares of equivalent value, or in some combination thereof.

10. Performance Units and Performance Shares.

- (a) Grant of Performance Units/Shares. Subject to the terms and provisions of the Plan, the Administrator may, at any time, grant Performance Units/Shares to Service Providers in such numbers or amounts as the Administrator, in its sole discretion, determines.

- (b) Value of Performance Units/Shares. Each Performance Unit will have an initial value that is established by the Administrator on or before the date of grant. Each Performance Share will have an initial value equal to the Fair Market Value of a Share on the date of grant.

(c) Performance Objectives and Other Terms. The Administrator will set performance objectives or other vesting provisions (including, without limitation, continued status as a Service Provider) in its discretion which, depending on the extent to which they are met, will determine the number or value of Performance Units/Shares that will vest or be paid out to the Service Provider. The time period during which the performance objectives or other vesting provisions must be met will be called the “Performance Period”. Each Award of Performance Units/Shares will be evidenced by an Award Agreement that will specify the Performance Period, and such other terms and conditions as the Administrator, in its sole discretion, determines. The Administrator may set performance objectives based upon the achievement of Company-wide, divisional, or individual goals, applicable federal or state securities laws, or any other basis determined by the Administrator in its discretion.

(d) Earning of Performance Units/Shares. After the applicable Performance Period has ended, the holder of Performance Units/Shares will be entitled to receive a payout of the number of Performance Units/Shares earned by the Participant over the Performance Period, to be determined as a function of the extent to which the corresponding performance objectives or other vesting provisions have been achieved. After the grant of a Performance Units/Shares, the Administrator, in its sole discretion, may reduce, amend or waive any performance objectives or other vesting provisions for such Performance Units/Shares.

(e) Form and Timing of Payment of Performance Units/Shares. Unless otherwise determined by the Administrator, payment of earned Performance Units/Shares will be made as soon as practicable after the expiration of the applicable Performance Period. The Administrator, in its sole discretion, may pay earned Performance Units/Shares in the form of cash, in Shares (which have an aggregate Fair Market Value equal to the value of the earned Performance Units/Shares at the close of the applicable Performance Period) or in a combination thereof.

(f) Cancellation of Performance Units/Shares. On the date set forth in the Award Agreement, all unearned or unvested Performance Units/Shares will be forfeited to the Company, and again will be available for grant under the Plan.

11. Cash Awards.

(a) Grant of Cash Awards. Subject to the terms and provisions of the Plan, the Administrator may, at any time, grant Cash Awards to Service Providers in respect of such amounts or units as the Administrator, in its sole discretion, determines.

(b) Terms of Cash Awards. The Administrator will set the terms of the Cash Awards, including any performance objectives or other vesting provisions, in its discretion. Each Cash Award will be evidenced by an Award Agreement that will specify the terms of the Cash Award, including the time and method of payment or settlement upon vesting.

12. [Reserved]. Section 162(m) Performance Based Awards

~~(a) Designating Awards as Performance Based Awards. Any Awards granted under the Plan may be designated as Awards that satisfy the requirements for “performance based compensation” within the meaning of Section 162(m) of the Code (“Performance Based Awards”). In order to qualify as Performance Based Awards, the grant, vesting or payment of the Award must be contingent upon the achievement of pre-established performance goals. The performance goals must be established by the Committee and may be in respect of the Company, or a Subsidiary, Parent, affiliate or other Company operating unit, business unit or department, or any combination thereof. The performance goals shall be based on one or more performance criteria selected by the Committee as set out in (b) below.~~

(b) Performance Criteria. ~~In the case of Awards designated as Performance Based Awards, the performance criteria shall be selected only from among the following: (1) net sales or revenues; (2) operating income; (3) pre- or after-tax income; (4) operating profit minus capital charges; (5) cash flow, including operating cash flow, free cash flow, cash flow return on equity and cash flow return on investment; (6) net income; (7) earnings per share; (8) earnings before interest and taxes; (9) earnings before interest, taxes, depreciation and/or amortization; (10) return on equity; (11) return on invested capital; (12) asset management and/or return on assets; (13) economic value added (or an equivalent measure); (14) share price performance; (15) total shareholder return; (16) debt reduction; (17) capital expenditures; (18) improvement in or achievement of expense levels and/or cost savings; (19) improvement in or achievement of working capital levels and/or cost of capital; (20) innovation as measured by a percentage of sales of new products; (21) market and/or category share; (22) clinical achievements (including without limitation initiating or completing phases of clinical studies); (23) improvements in sample and test processing times; (24) successful litigation outcomes; (25) budget management; (26) submission to, or approval by, a regulatory body (including, but not limited to, the U.S. Food and Drug Administration) of an applicable filing or a product; (27) regulatory or testing milestones; (28) research progress, including without limitation the development of programs; (29) productivity measurements and/or ratios; (30) completion and/or integration of acquisitions of businesses or companies; (31) completion of licensing transactions; (32) development and/or acquisition of intellectual property; (33) completion of divestitures and asset sales; (34) strategy development and implementation; (35) process reliability and/or safety; (36) talent management and/or succession planning; (37) employee and/or customer engagement; (38) corporate social responsibility and/or diversity; and (39) any combination of any of the foregoing business criteria.~~

(c) ~~Any of the performance criteria may be used to: (1) measure the performance of (a) the Company, a Parent, a Subsidiary, and/or an affiliate as a whole; or (b) any business or other operating unit or department of the Company, a Parent, a Subsidiary, and/or an affiliate or any combination thereof, as the Committee may deem appropriate; or (2) compare the performance of a group of comparator companies, or published or special index, that the Committee deems appropriate. Measurement of performance against goals may exclude impact of charges for restructurings, discontinued operations, extraordinary items, and other unusual or non-recurring items, and the cumulative effects of accounting changes, each as defined by generally accepted accounting principles and as identified in the financial statements, notes to the financial statements, or management's discussion and analysis within the Company's annual report on Form 10-K. Following completion of the relevant Performance Period (as determined by the Committee), the Committee will certify the extent to which the performance goals have been satisfied. A Stock Option or Stock Appreciation Right that is designated as satisfying the requirements for "performance-based compensation" within the meaning of Section 162(m) of the Code is deemed to satisfy the performance goal requirement and does not need to be certified.~~

(d) ~~Each Performance Based Award is subject to any clawback or recoupment policy as may be adopted or amended by the Board as required by applicable law or by applicable stock exchange listing standards. Pursuant to such policy, among other things, the Administrator may require forfeiture of an Award, repayment of Award (or proceeds therefrom), or recoupment from other payments otherwise due to the participant or beneficiary.~~

13. Changes in Terms of Employment or Service.

(a) Leave of Absence. A Service Provider will generally not cease to be an Employee, Director or Contractor where he or she takes a leave of absence approved by the Company. For purposes of Incentive Stock Options, no such leave may exceed ninety (90) days, unless reemployment upon expiration of such leave is guaranteed by statute or contract. If reemployment upon expiration of a leave of absence approved by the Company is not so guaranteed, then three (3) months following the ninety-first (91st) day of such leave any Incentive Stock Option held by the Participant will cease to be treated as an Incentive Stock Option and will be treated for tax purposes as a Nonstatutory Stock Option.

Unless the Administrator provides otherwise and subject to Applicable Laws, the vesting of Awards under the Plan (other than Performance Units and Performance Shares) will be suspended during any unpaid leave of absence. The vesting of Performance Units and/or Performance Shares will not be suspended during any unpaid leave of absence. However, the vesting of Performance Units and Performance Shares will be reduced pro-rata to reflect the period of active employment or service as a proportion of the Performance Period.

(b) Transfer Between Locations. A Service Provider will not cease to be an Employee, Director or Consultant where his or her employment or service is transferred between different locations of the Company or between the Company, its Parent, or any Subsidiary.

(c) Part-Time. In the event that a Service Provider's work time commitment is reduced, the Administrator may, in its discretion, reduce the vesting of the Award correspondingly on a pro-rata basis measured over the vesting period or the Performance Period, as applicable.

14. Transferability of Awards.

Unless determined otherwise by the Administrator, an Award may not be sold, pledged, assigned, hypothecated, transferred, or disposed of in any manner other than by will or by the laws of descent or distribution and may be exercised, during the lifetime of the Participant, only by the Participant. If the Administrator makes an Award transferable, such Award will contain such additional terms and conditions as the Administrator deems appropriate.

15. Adjustments; Dissolution or Liquidation; Merger or Change in Control.

(a) Adjustments. In the event that any dividend or other distribution (whether in the form of cash, Shares, other securities, or other property), recapitalization, stock split, reverse stock split, reorganization, merger, consolidation, split-up, spin-off, combination, repurchase, or exchange of Shares or other securities of the Company, or other change in the corporate structure of the Company affecting the Shares occurs, the Administrator, in order to prevent diminution or enlargement of the benefits or potential benefits intended to be made available under the Plan, will adjust the number and class of Shares that may be delivered under the Plan and/or the number, class, and price of Shares covered by each outstanding Award, and the numerical Share limits in Section 3 of the Plan.

(b) Dissolution or Liquidation. In the event of the proposed dissolution or liquidation of the Company, the Administrator will notify each Participant as soon as practicable prior to the effective date of such proposed transaction. To the extent it has not been previously exercised, an Award will terminate immediately prior to the consummation of such proposed action.

(c) Change in Control. In the event of a merger or Change in Control, each outstanding Award will be treated as the Administrator determines at the relevant time or as set out in the Award Agreement, including, without limitation, that each Award may be assumed or an equivalent option or right substituted by the successor corporation or a Parent or Subsidiary of the successor corporation. The Administrator will not be required to treat all Awards similarly in the transaction.

In the event that the successor corporation does not assume or substitute for the Award or does not replace the Award with a comparable cash incentive program of the successor corporation (or a Parent or Subsidiary of the successor corporation) based on the value of the Award at the time of the consummation of the transaction ("Replacement Incentive Program") in connection with a merger or Change in Control, the Participant will fully vest in and have the right to exercise all of his or her outstanding Options and Stock Appreciation Rights, including Shares as to which such Awards would not otherwise be vested or exercisable, all restrictions on Restricted Stock and Restricted Stock Units will lapse, and, with respect to Awards with performance-based vesting, all performance goals or other vesting criteria will be deemed achieved at one hundred percent (100%) of target levels and all other terms and conditions met. In addition, if an Option or Stock Appreciation Right is not assumed, substituted or replaced by a Replacement Incentive Program in the event of a merger or Change in Control, the Administrator will notify the Participant in writing or electronically that the Option or Stock Appreciation Right will be exercisable for a period of time determined by the Administrator in its sole discretion, and the Option or Stock Appreciation Right will terminate upon the expiration of such period.

If the Participant's employment is terminated without Cause or as a result of a Constructive Termination in connection with, or at any time within twelve (12) months after, the consummation of a Change in Control, the Participant will fully vest in and have the right to exercise all of his or her outstanding Options and Stock Appreciation Rights, including Shares as to which such Awards would not otherwise be vested or exercisable, all restrictions on Restricted Stock and Restricted Stock Units will lapse, and, with respect to Awards with performance-based vesting, all performance goals or other vesting criteria will be deemed achieved at one hundred percent (100%) of target levels and all other terms and conditions met.

For the purposes of this subsection 15(c), an Award will be considered assumed or substituted if, following Change in Control, it: (A) provides the Participant with rights and entitlements substantially equivalent to or better than the rights, terms and conditions applicable to the Award to be assumed or substituted, including, but not limited to, identical or better vesting or exercise schedules; (B) have substantially equivalent value to such Award (determined by the Administrator at the time of the Change in Control); and (C) be based on stock that is traded on an established U.S. securities market or an established securities market outside the U.S. upon which the Participants could readily trade the stock without administrative burdens or complexities. Notwithstanding anything in this Section 15(c) to the contrary, an Award that vests, is earned or paid-out upon the satisfaction of one or more performance goals will not be considered assumed if the Company or its successor modifies any of such performance goals without the Participant's consent; provided, however, a modification to such performance goals only to reflect the successor corporation's post-Change in Control corporate structure will not be deemed to invalidate an otherwise valid Award assumption.

(d) Outside Director Awards. With respect to Awards granted to an Outside Director that are assumed or substituted for, if on the date of or following such assumption or substitution the Participant's status as a Director or a director of the successor corporation, as applicable, is terminated other than upon a voluntary resignation by the Participant (unless such resignation

is at the request of the acquirer), then the Participant will fully vest in and have the right to exercise Options and/or Stock Appreciation Rights as to all of the Shares underlying such Award, including those Shares which would not otherwise be vested or exercisable, all restrictions on Restricted Stock and Restricted Stock Units will lapse, and, with respect to Performance Units and Performance Shares, all performance goals or other vesting criteria will be deemed achieved at one hundred percent (100%) of target levels and all other terms and conditions met.

16. Tax Withholding.

(a) Withholding Requirements. Prior to the delivery of any Shares or cash pursuant to an Award (or exercise thereof), the Company will have the power and the right to deduct or withhold, or require a Participant to remit to the Company, an amount sufficient to satisfy federal, state, local, foreign or other taxes (including the Participant's FICA obligation) required to be withheld with respect to such Award (or exercise thereof).

(b) Withholding Arrangements. The Administrator, in its sole discretion and pursuant to such procedures as it may specify from time to time, may permit a Participant to satisfy such tax withholding obligation, in whole or in part by (without limitation): (a) paying cash; (b) electing to have the Company withhold otherwise deliverable cash or Shares having a Fair Market Value equal to the minimum statutory amount required to be withheld; or (c) delivering to the Company already-owned Shares having a Fair Market Value equal to the minimum statutory amount required to be withheld. The Fair Market Value of the Shares to be withheld or delivered will be determined as of the date that the taxes are required to be withheld.

17. Compliance with Section 409A.

(a) It is intended that the provisions of the Plan comply with Section 409A of the Code ("**Section 409A**"), and all provisions of the Plan shall be construed and interpreted in a manner consistent with the requirements for avoiding taxes or penalties under Section 409A. Notwithstanding any provision of the Plan to the contrary, the Company reserves the right to make amendments to any Award as the Company deems necessary or desirable to avoid the imposition of taxes or penalties under Section 409A.

(b) If an Award is subject to Section 409A and payment is due upon a termination of employment or service, payment shall be made upon a separation from service within the meaning of Section 409A.

(c) No payment shall be accelerated upon a transaction under Section 15 to the extent such acceleration would result in adverse tax consequences under Section 409A.

(d) If, at the time of a Participant's separation from service (within the meaning of Section 409A of the Code), (A) such Participant is a specified employee (within the meaning of Section 409A of the Code) and (B) an amount payable pursuant to an Award is subject to Section 409A, the payment of which is required to be delayed pursuant to the six-month delay rule set forth in Section 409A, then the Company shall not pay such amount on the otherwise scheduled payment date but shall instead pay it, without interest, on the first day of the seventh month following such separation from service.

(e) Nothing in the Plan or in an Award Agreement shall be interpreted or construed to transfer any liability for any tax (including a tax or penalty due as a result of a failure to comply with Section 409A) to the Company, any Subsidiary or Parent, or to any other individual or entity, and the Company shall have no liability to a Participant, or any other party, if an Award that is intended to be exempt from, or compliant with, Section 409A is not so exempt or compliant.

18. No Effect on Employment or Service.

Neither the Plan nor any Award will confer upon a Participant any right with respect to continuing the Participant's relationship as a Service Provider with the Company, nor will they interfere in any way with the Participant's right or the Company's right to terminate such relationship at any time, with or without cause, to the extent permitted by Applicable Laws.

19. Date of Grant.

The date of grant of an Award will be, for all purposes, the date on which the Administrator makes the determination granting such Award, or such other later date as is determined by the Administrator. Notice of the determination will be provided to each Participant within a reasonable time after the date of such grant.

20. Term of Plan.

Subject to Section 25 of the Plan, the Plan will become effective upon its adoption by the Board. It will continue in effect for a term of ten (10) years from the date adopted by the Board, unless terminated earlier under Section 21 of the Plan.

21. Amendment and Termination of the Plan.

(a) Amendment and Termination. The Board may at any time amend, alter, suspend or terminate the Plan.

(b) Shareholder Approval. The Company will obtain shareholder approval of any Plan amendment to the extent necessary and desirable to comply with Applicable Laws.

(c) Effect of Amendment or Termination. No amendment, alteration, suspension or termination of the Plan will impair the rights of any Participant, unless mutually agreed otherwise between the Participant and the Administrator, which agreement must be in writing and signed by the Participant and the Company. Termination of the Plan will not affect the Administrator's ability to exercise the powers granted to it hereunder with respect to Awards granted under the Plan prior to the date of such termination.

22. Conditions Upon Issuance of Shares.

(a) Legal Compliance. Shares will not be issued pursuant to the exercise of an Award unless the exercise of such Award and the issuance and delivery of such Shares will comply with Applicable Laws and will be further subject to the approval of counsel for the Company with respect to such compliance.

(b) Investment Representations. As a condition to the exercise of an Award, the Company may require the person exercising such Award to represent and warrant at the time of any such exercise that the Shares are being purchased only for investment and without any present intention to sell or distribute such Shares if, in the opinion of counsel for the Company, such a representation is required.

23. Funding of Plan.

The Plan is intended to be an unfunded plan. The Company shall not be required to establish or fund any special or separate account or to make any other segregation of assets to assure the payment of any Award under the Plan. Participant are and shall at all times be general creditors of the Company with respect to their Awards. If the Administrator or the Company chooses to set aside fund in a trust or otherwise for the payment of Awards under the Plan, such funds shall at all times be subject to the claims of the creditors of the Company in the event of its bankruptcy or insolvency.

24. Inability to Obtain Authority.

The inability of the Company to obtain authority from any regulatory body having jurisdiction, which authority is deemed by the Company's counsel to be necessary to the lawful issuance and sale of any Shares hereunder, will relieve the Company of any liability in respect of the failure to issue or sell such Shares as to which such requisite authority will not have been obtained.

25. Shareholder Approval.

The Plan will be subject to approval by the shareholders of the Company within twelve (12) months after the date the Plan is adopted by the Board. Such shareholder approval will be obtained in the manner and to the degree required under Applicable Laws.

26. Severability.

If any provision of the Plan or any Award is, becomes, or is deemed to be invalid, illegal, or unenforceable in any jurisdiction or as to any Participant, such provision shall be construed or deemed amended to conform with applicable law, or if the provision cannot be so construed or deemed amended without, in the sole discretion of the Administrator, materially altering the intent of the Plan or the Award, such provision shall be severed as to the jurisdiction or Participant and the remainder of the Plan and any such Award shall remain in full force and effect.

27. **Governing Law.**

The validity and construction of the Plan and any Award Agreements thereunder shall be governed by the laws of the State of Washington, excluding any conflicts or choice of law rules or principles that might otherwise refer construction or interpretation of any provision of the Plan or an Award Agreement to the substantive law of another jurisdiction.
